NSAA MISSION STATEMENT

The public and non-public high schools of Nebraska voluntarily agreed to form the Nebraska School Activities Association for the following purposes:

- To formulate and make policies which will cultivate high ideals of citizenship, fair competition, sportsmanship and teamwork which will complement the member schools' curriculum programs.
- To foster uniformity of standards in interscholastic activity competition.
- To organize, develop, direct and regulate an interscholastic activity program which is equitable and will protect and promote the health and physical welfare of all participants.

NSAA Policy on Comments and Negative Actions Against Officials and Judges.

The National Federation of State High School Associations has devised Code of Ethics guidelines for high school coaches. The function of a coach is to educate students through participation in interscholastic competition. The coach or sponsor shall respect and support contest officials and judges. The coach or sponsor shall not indulge in conduct that would incite players or spectators against the officials. Public criticism of officials, judges or players is unethical.

The Nebraska School Activities Association has embraced that Coaches Code of Ethics and has established policies and standards that will cultivate the ideals of good sportsmanship, professionalism and conduct. It shall be the responsibility of each member school to ensure that all individuals directly associated with the interscholastic program conduct themselves in a sportsmanlike and professional manner.

The high school coach or director is a representative of the school at interscholastic activity events. It is the responsibility of all coaches and directors to serve as role models for students and the public. It is the expectation that all coaches, directors, administrators and student participants shall refrain from negative criticism of NSAA member institutions, officials, adjudicators, judges, etc. in public statements before, during or after interscholastic events. The appropriate public response to media questions at all venues regarding officiating/judging is "per NSAA policy, I am unable to comment." Any other response is a violation of this board policy and is subject to penalty.

It would be considered a violation of this NSAA policy to include, but are not limited to the following:

- a. Making degrading and/or critical remarks about officials or adjudicators or the officiating or judging before, during or after an event either on or off-site, via social media, or through any public means.
- b. Detaining the officials/adjudicators/judges during or following the event to request a ruling or explanation of actions or evaluation by the official(s)/adjudicator(s)/judges.
- c. Entering the officials dressing area following the contest.

Negative actions by an individual directly associated with the program shall be reported to the NSAA office by the school and/or by the head contest official, adjudicator, judge, or manager. The school shall document the results of their investigation and actions taken, where necessary and appropriate. The NSAA Executive Director shall determine the appropriate penalties for violation of this board policy.

Sportsmanship Bylaws & Approved Rulings

2.11 Penalties

2.11.3 Participant Ejections from Athletic Contests. Any participant ejected from a contest for unsportsmanlike conduct shall be ineligible for the next athletic contest at that level of competition and all other athletic contests at any level during the interim, in addition to the other penalties the NSAA or the school may assess.

Approved Ruling 2.11.3 Any participant ejected a second time during a season from a contest for unsportsmanlike conduct shall be ineligible for the next two contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess. Any participant ejected a third time shall be ineligible for the next three contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess. When schools have students or coaches with multiple ejections, the school shall submit to the NSAA a written management plan on how they plan to remediate the problem.

2.11.4 Coach Ejections from Athletic Contests. Any coach ejected from a contest for unsportsmanlike conduct shall be ineligible to coach the next athletic contest at that level of competition and all other athletic contests at any level during the interim, in addition to the other penalties the NSAA or the school may assess.

Approved Ruling 2.11.4 Coaches who are ejected will be required to successfully complete the NFHS Teaching and Modeling Behavior online course within 10 days of the ejection at the coaches' expense. Failure by an ejected coach to successfully complete the NFHS Teaching and Modeling Behavior online course within 10 days of the ejection will result in the coach being suspended from coaching in any further competition in that activity for the remainder of the season, including all NSAA end-of-season play (sub-districts, districts, playoffs, and state competition.) In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Teaching and Modeling Behavior online course before being able to coach the following season or year. Coaches who are ejected a second time will be required to sit-out the next two contests at that level, plus all other contests at other levels during the interim and successfully complete the NFHS Fundamentals of Coaching online course within 10 days of the ejection at the coaches' expense. Failure to successfully complete the NFHS Fundamentals of Coaching online course within 10 days of the ejection will result in the coach being suspended from coaching in any further competition in that activity for the remainder of the season, including all NSAA end-of-season play (sub-districts, districts, playoffs, and state competition.) In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Fundamentals of Coaching online course before being able to coach the following season or year.

2.12 AR Concussion in Sports, Heat Illness Prevention, Sudden Cardiac Arrest Education

All coaches and volunteers are required to complete the NFHS Concussion in Sports, Heat Illness Prevention, and Sudden Cardiac Arrest Training courses annually. These courses should be taken prior to any pre-season or regular season physical workouts that the respective coach would be present for or involved in administering.

Any course taken after May 1 would be considered valid for the following school year.

Note: The courses can be accessed at NFHSLearn.com

APPROVED RULINGS AND INTERPRETATIONS FOR 2.1.2

Medical Personnel at Regular Season Contests. Severe injuries, sudden illnesses and other critical incidents do not often occur during school activities, but it is important for every school to have an emergency action plan (EAP) for administrators, faculty, coaches and staff members to follow should emergencies occur. Due to lack of universal availability of medical coverage and other logistical reasons, NSAA does not require that schools have a physician, trainer or ambulance on-site at regular season activities; however, each school should have a plan in place should there be an emergency involving students, coaches, officials or spectators requiring medical attention.

3.3 General Regulations Governing Competition

3.3.11 Conduct and Sportsmanship. Member schools shall maintain proper crowd control and enforce the principles of good sportsmanship and ethics during all interscholastic contests. Failure to fulfill this obligation shall subject the school to penalties as provided in Article 2, Section 2.11, NSAA Bylaws Governing All Activities.

3.3.11.1 Conduct of Coaches and Athletes. Coaches and athletes shall conduct themselves in accordance with the playing rules of the sport contest and refrain from unsportsmanlike conduct during interscholastic competition. Failure to fulfill this obligation will subject the individual(s) to the penalties as provided in Article 2, Section 2.11, NSAA Bylaws Governing All Activities.

3.3.11.2 Definition of Unsportsmanlike Conduct. Unsportsmanlike conduct shall include the following: fighting, verbal abuse or dissent directed toward an official or opponent, racial or ethnic slurs, inappropriate comments or actions that may be construed as sexual harassment, profanity, obscene gestures, flagrant and violent fouls, taunting, trash talk, baiting, cheating, throwing or abusing equipment, inappropriate posters, physical intimidation or abuse of an official or opponent, and unauthorized leaving of a team bench area.

NSAA Sportsmanship Guidelines and Ejections

1. Enforcement of the “sit-out rule” for ejections from high school contests for unsportsmanlike conduct is a responsibility of the member school. Failure to properly enforce this rule could result in other sanctions by the NSAA.
2. Administrators will be expected to promptly file a report with the NSAA whenever a participant or coach from their school has been ejected from any high school contest. Such filing must be done online under the AD login section of the NSAA webpage.
3. A participant or coach ejected from a contest for unsportsmanlike conduct shall be ineligible for the next athletic contest at that level of competition and any other athletic contest at any level during the interim.
4. Enforcement of the “sit-out rule” is expected to begin immediately, regardless whether it is regular-season or tournament play.
5. Any participant ejected a second time during a season from a contest for unsportsmanlike conduct shall be ineligible for the next two contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess.

6. Any participant ejected a third time during a season from a contest for unsportsmanlike conduct shall be ineligible for the next three contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess.
7. During the time of their "sit-out" suspension, athletes who are ejected for unsportsmanlike conduct may not suit up or participate, but it is the school's discretion whether such athlete is able to travel with the team or sit on the team bench.
8. Coaches who are ejected for unsportsmanlike conduct may not coach in any contest or be present at the contest site during the time of their "sit-out" suspension. Coaches who are ejected will also be required to successfully complete the NFHS Teaching and Modeling Behavior online course within 10 days of the ejection. Failure to successfully complete the course will result in a suspension from coaching for the remainder of the season. In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Teaching and Modeling Behavior online course before being able to coach the following season or year.
9. Coaches who are ejected a second time in a season will be required to sit-out the next two contests at that level, plus all other contests at other levels during the interim. Coaches may not be present at the contest site during the time of their "sit-out" suspension. Any coach ejected a second time will also be required to successfully complete the NFHS Fundamentals of Coaching online course within 10 days of the ejection. Failure to successfully complete the course will result in a suspension from coaching for the remainder of the season. In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Fundamentals of Coaching online course before being able to coach the following season or year.
10. If the ejection takes place in the final game of the season, the suspension will carry over to the following season.
11. When schools have students or coaches with multiple ejections, the school shall submit to the NSAA a written management plan on how they plan to remediate the problem.
12. Officials will be expected to file with the NSAA an ejection report for any ejection of a player or coach from a contest online. Any unusual situation that occurs prior to, during, or after a contest should also be reported.
13. Prompt reporting to the NSAA office by the official is necessary. Officials are asked to submit their electronic report or call the NSAA office by the day following the ejection.
14. Officials are asked to be specific in listing the reason(s) for an ejection.
15. Affiliated officials (officials registered from contiguous states) will also be required to perform this reporting function.
16. There is no appeal process for ejections for unsportsmanlike conduct.
17. The Executive Director shall reserve the right to consider the length of suspensions when some levels of competition are scheduled on an irregular basis (e.g., three weeks between regularly scheduled non-varsity contests).

Electronic Devices. USTA regulations are very specific that no electronic devices may be in operation on the court. A cell phone must be turned off and out of sight. (USTA Rule 30)

End of Season for Outside Participation

Approved Ruling 3.1.1

A season begins on the first day of allowable practices for that sport, as designated in 3.1.1.2 below. The season officially ends with the conclusion of the State Championship in that sport. Students may not participate in outside group instruction or competition once the season officially begins, and outside group instruction or competition may not commence until the school team has been completely eliminated from further participation in the sport.

3.2.3 Organized Practice. Organized practice for any sport shall not be held during the school year between the close of a sports season and the opening day of practice for that sport the following school year.

◆ An organized practice in tennis shall mean more than **four** players under the direct supervision of a sponsor.

3.2.6 Clinics. During the season of a sport, student participation in a sports clinic, camp, or school shall not be permitted if the student is a member of the school's sport team in which instruction is being offered.

Participation.

Approved Ruling 3.3.7

1. In all athletic activities, teams wishing to enter a sub-district, district, or state contest shall have participated in a minimum of five interschool varsity contests prior to the sub-district, district, or state contest.

(a) Exceptions to the requirements for a team that has not participated in at least five interschool varsity contests would be considered if the team was unable to participate if weather conditions forced a cancellation of scheduled contests. Other extenuating circumstances would be considered by the Executive Director on a case-by-case basis.

2. In order to participate in a district or state tournament, a student is required to have been a member of the school's team for at least twenty school days prior to the first day of the sub-district, district, or state tournament.

(a) Exceptions to the requirements for a student who is not a member of the school team for twenty school days would be considered if an individual was unable to participate because of illness, injury, or transfer from another high school. School, team, or game suspensions, regardless of the underlying cause, shall not be considered as exceptions to this participation rule.

3. In all athletic activities, students wishing to enter a sub-district, district, or state contest shall have been available to participate in at least 30% of the school's varsity interschool contests prior to the sub-district, district, or state contest.

(a) Exceptions to the requirements for a student who has not been available to participate in at least 30% of the school's varsity interschool contests would be considered if an individual was unable to participate because of illness, injury, transfer from another high school, or if weather conditions forced a cancellation of scheduled contests. School, team, or game suspensions, regardless of the underlying cause, shall not be considered as exceptions to this participation rule.

(b) When determining whether a student has been available for 30% of the school's varsity interschool contests, one would divide the number of varsity interschool contests for which

the student was available by the school's total number of varsity interschool contests; all decimals .1 or above would be rounded up to the next higher whole number.

- (c) The term "available to participate" means that the student was a bona fide member of the team, eligible to participate for the school at some level of competition in the sport, not suspended from participation in activities for violation of school, team, or NSAA rules, and not involved in outside participation activities (exception: Olympic Development Program or national team activities as approved by the NSAA.)
4. For situations pertaining to eligibility to participate in district or state contests that are not specifically addressed by these guidelines, the Executive Director shall have the authority to waive membership and participation requirements on a case-by-case basis.

Amateur Guidelines

1. **Cash Prizes Not Permitted.** Cash prizes may not be given to amateurs for participation in tennis events. A prize cannot be cash or any award which may be surrendered for cash.
2. **Merchandise Prizes.** Value of prizes for amateurs in non-school events may not exceed \$250 per event. If an amateur were to participate in both the single and doubles event in a particular tournament, the amateur could accept a prize having a maximum value of \$250 for participation in the singles event and another prize having a maximum value of \$250 for participation in the doubles event.
3. **Allowable Awards.** Examples of allowable awards include, but are not limited to the following:
 - a. trophy or medal;
 - b. merchandise;
 - c. gift certificate;
 - d. membership or playing privileges at a tennis club;
 - e. tennis lessons;
 - f. scholarship;
 - g. tax deductible contribution by the Tournament Committee, with the amateur having the right to designate the recipient of the contribution.
4. **Donation of Prize Money to School or Tennis Organization by Tournament Committee.** If a player cannot accept prize money or a prize because the player is an amateur, then the Tournament Committee or sponsor has the discretion to give the prize money or prize to a high school, college, or the athletic department of a high school or college.

3.5.1 Non-School Participation. Any student, who participates in an athletic contest other than as a representative of his/her school during the season of the sport involved, becomes ineligible to represent his/her school in that sport for the remainder of its season.

(AR) A student may participate as an individual, without loss of interscholastic eligibility under the following conditions:

(a) As a member of a national team (and the actuals direct tryouts) which is defined as one selected by the National Governing Body of the sport on a national qualification basis, either through a defined selective process of actual tryout for the purpose of international competition which requires entries to officially represent their respective nations.

(b) In an Olympic Developmental Program, which is defined as a training program or competition.

(1) Conducted or sponsored by the United States Olympic Committee (USOC), or

(2) Directly funded and conducted by the USOC member national governing body on a national level (e.g. NGB national championship and direct qualification therefore); or

(3) Specifically authorized by a national governing body involving only athletes previously identified by some qualifying procedure by the national governing body as having

potential for future participation in regional, national, or international competition in the sport involved.

(4) Coaches from schools involved with an Olympic Development Program must adhere to the organized practice rule.

(c) While representing the National Federation as a member of its United States national entry in an International School Sport Federation event.

(d) In an athletic contest sponsored by a non-high school organization, provided the individual has qualified prior to the sports season through actual competition in a meet or series of meets which were designated in advance by the sponsoring organization as qualifying meets. Times, distances, placement, or performance in high school competition shall not be considered as qualifying criteria.

(e) Provided in a, b, c, and d, such participation has been approved by the high school principal and the Nebraska School Activities Association.

*The high school principal and the coach of the sport involved must approve the request for a waiver of Section 3.5. The school then may request a waiver from the Nebraska School Activities Association, **including documentation on how prequalification was met, with a maximum of one (1) non-school event per season for an individual student.***

*If the student(s) has not qualified for the competition through actual competition in a meet or series of meets which were designate din advance by the sponsoring organization as qualifying meets, or the competition is not a part of the United States Olympic Development Program, a waiver may be granted provided the student(s) does not represent his/her school in varsity competition of the sport involved for the same number of days in which he/she participated in the non-school competition. **Students must miss the school events(s) immediately following the outside participation activity unless there are not the required number of regularly scheduled school events remaining; in which case, the additional events would need to be made up in advance of the outside participation.***

Request for the certification of distances or times attained in state meet competition shall be submitted by the individual along with information on how these marks are to be used.

In order to be considered, the use of such marks must meet established minimum qualifying standards and competition must be open to any athlete meeting such standards. Certification of times or distances will not be given if qualification is based upon placement in a contest sponsored by the membership of the Nebraska School Activities Association.

Eligibility for District/State Competition - Approved Ruling 3.3.7

To be eligible to participate in a district and/or state contest a student shall have been a member of the school's team and shall have been available to participate in at least eighty percent (80%) of the school's scheduled interschool contests and not have missed more than twenty percent (20%) of the school's scheduled contests because of participating in non-high school competition.

- (a) The term "available to participate" means that the student was a bona fide member of the team, eligible to participate for the school at some level of competition in the sport, and not involved in outside participation activities (exception: Olympic Development Program or national team activities as approved by the NSAA.)
- (b) The term, "school's scheduled interschool contests," is defined as those contests which appear on the school's varsity schedule at the beginning of the season. An exception to this requirement will be considered if a student was unable to participate because of injury, illness, or had transferred from another high school.

3.5.2 Individualized Instruction

During the season of a sport, a student is permitted to take instruction from a person other than the high school coach at times other than scheduled high school practice sessions. However, such instructions shall not interfere with, nor be substituted for high school coaching, practice sessions, or contests.

Approved Ruling: During a season of a sport, a student is permitted to take individual instruction from a person other than the high school coach. Group instruction, practices with outside teams, and tryouts for outside teams other than as a part of a college or university recruiting visit, however, are not permitted.

Approved Ruling 3.11.—3:11.12

During the season of the sport, a school shall not permit a student who is not a member of the high school team, an adult, a college student, or alumni to participate in any practice session, drill, scrimmage, game, or contest in which a school team or an individual who is a member of a school team is involved.

This does not prevent a coach from being involved for the primary purposes of teaching and demonstrating skills, methods, or techniques.

3.3.10 Supervision. The superintendent, principal, or an authorized representative of the faculty shall accompany and supervise the team or individuals to all contests.

3.3.10.1 Neither a team nor an individual shall be permitted to compete in a district tournament, playoff contest, or state contest unless the head coach, school administrator, or certified faculty member accompanies the team or individual(s).

Accommodations for Students with Disabilities

Each state association may, in keeping with applicable laws, authorize exceptions to NFHS playing rules to provide reasonable accommodations to individual participants with disabilities and/or special needs, as well as those individuals with unique and extenuating circumstances. In order to determine if the NSAA can authorize such an accommodation, the school administration shall submit the appropriate form to the NSAA.

Official Rules. USTA Tennis Rules shall govern all NSAA-sponsored competition unless otherwise noted.

Match Limit.

No tennis team representing a member school shall participate in more than 16 regular season tennis contests. Participation in any tennis tournament/engagement shall count as one of the 16 permitted, including city and conference tournaments.

Tiebreaker. In compliance with the USTA, the NSAA shall authorize the 7-of-12 tiebreaker for sets one and two if needed. This tie-breaker will go into effect when the set score reaches 6-all, and the procedure is as follows:

Singles

- ◆ A player, who first wins seven points shall win the game and the set, provided she leads by a margin of two points.

- ◆ If the score reaches six points all, the game shall be extended until this margin has been achieved.
- ◆ Numerical scoring shall be used throughout the tiebreak game.
- ◆ From the first point, each service shall be delivered alternately from the right and left courts, beginning from the right court.
- ◆ If service from a wrong half of the court occurs and is undetected, all play resulting from such wrong service or services shall stand, but the inaccuracy of station shall be corrected immediately when it is discovered.
- ◆ Players shall change ends after every six points and at the conclusion of the tiebreak game.
- ◆ The tie-break game shall count as one game for the ball change, except that, if the balls are due to be changed at the beginning of the tie-break, the change shall be delayed until the second game of the following set.

Doubles

- ◆ In doubles the procedure for singles shall apply.
- ◆ The player whose turn it is to serve shall be the server for the first point.
- ◆ There after each player shall serve in rotation for two points, in the same order as previously in that set, until the winners of the game and set have been decided.

Rotation of Service

- ◆ The player (or pair in the case of doubles) who served first in the tiebreak game shall receive service in the first game of the following set.

Inclement Weather Procedures – Regular Season

Delays caused by inclement weather shall result in either cancellation of the match or in a postponement of the match as mutually agreed upon by the participating schools. An incomplete match refers to a match that was started but not completed. A cancellation will result in neither opponent recording a win/loss. If a match is postponed, the time and score shall be recorded when the match was stopped, who was serving and from which side. The postponed match shall be resumed at the point of suspension. Players shall not leave the facility until a decision has been made as to whether the match is to be cancelled or postponed. In the event of a postponement, agreement shall be reached as to the time and place for the suspended match to resume.

Classification. NSAA member schools shall be divided into two classes.

Schools registered for girls tennis will be divided equally representing Class A and Class B. If the division of schools is unequal, the larger number of schools will be placed in Class A with the remaining schools placed in Class B.

Tie-Breaker

If schools are tied in enrollment for the last position or positions of a class, the following tie-breaker will be applied:

1. *The first tie-breaker will be a three-year average of enrollment which includes the year on which the current year's classification is based and the two previous years. The higher three-year average will be in the larger class.*
2. *If the tie still exists, then the school with the higher immediate previous year's enrollment will be placed in the larger class.*
3. *If a tie still exists, it will be decided by a coin flip in the NSAA office.*

Season Records.

A coach will need to enter **every match** for **every player** on their team, **varsity or junior varsity**, whether the coach intends to enter the student(s) in the district/state meet or not. Coaches should plan to maintain the records for each of their players daily as matches are completed.

To do this,

- 1) Login to the NSAA website using your coach's passcode. You will enter results for each meet as they occur during the season.
 - a. Select and/or enter the meet and date for each match,
 - b. Choose the division at which your player competed via the drop down list,
 - c. Mark the match as a varsity or junior varsity match for your player,
 - d. Select your player's name via the drop down list,
 - e. Select the opponent's team via the drop down list,
 - f. Select the opponent(s) name(s) via the drop down list,
 - g. Type in the match score,
 - h. Click on Add Match.

When you submit this information for your player's matches, it will also appear on the opponent's schedules as well. If either coach edits the information posted, the change will appear in green to alert the other coach that a change has been made. Coaches need to communicate in regard to any changes made on an entry to ensure the accuracy of the entry.

When it is time to submit your entries for the District/State Tournament, you will login and indicate your entries for each division via the student drop down list. When students are selected, their season information will be electronically inserted to include all matches in which they participated (singles/doubles/varsity/junior varsity) this season.

State Entry Information.

- ◆ NSAA Entry forms are accessed and submitted on-line. The Athletic/Activities director will give the certified coach the login for this activity. Go to the NSAA web site (www.nsaahome.org) and click on "School Login". Enter your login and go to "View/Edit your Form" to complete your entry form (detailed instructions can be obtained from the web site).
- ◆ Alternates must be listed. These alternates may compete in either singles or doubles competition.
- ◆ Coaches must complete the record information requested on the NSAA Entry Form for each singles player, doubles team and substitutes.
- ◆ Coaches need to maintain individual match records throughout the season to meet the seeding form requirements.
- ◆ Be sure to give accurate information for each specific player.
- ◆ If deceit is used in completing these season records, all team information will be disregarded for a seed.
- ◆ The tournament director may approve substitutions only.
- ◆ Schools may enter a competitor in either a doubles or singles division, but not both.
- ◆ **Any player that moves down a division (from #1 to #2) and enters the district/state tournament at #2 singles or #2 doubles, must have played at least 8 interschool contests in the division that they enter prior to the district/state tournament.**
- ◆ Each school may enter one individual in number one singles, one individual in number two singles, two individuals in number one doubles and two individuals in number two doubles.
- ◆ Entries must be identified as first singles, first doubles, second singles, and second doubles.
- ◆ Individuals may not be changed from singles to doubles, or visa versa, after entries have been received in the NSAA office.

Alternate Players. If an alternate player(s) is used, the NSAA must be notified before the seeding committee meeting. Exception to this ruling:

- ◆ If a player is injured or becomes ill immediately preceding his first match of the tournament and the tournament director receives notification of this illness/injury via a physician.
- ◆ If a player is withdrawn due to disciplinary action immediately preceding his first match and the tournament director receives notification by the school administration in writing.
- ◆ The school shall notify the NSAA immediately if a substitution is to be made.
- ◆ A copy of the administrator's letter to the tournament director shall also be sent to the NSAA.

Seeding. The high school season summary, as submitted as the entry, will be used to determine seeding.

Premise-The purpose of seeding is to separate top players from meeting each other in early rounds of a tournament. Evidence of potential for success underlies all seeding. This evidence consists of the following items or any other criteria that will help in evaluating the potential the player has for winning the tournament:

- ◆ The most current results are given the most weight.
- ◆ Head-to-head encounters are more significant than indirect wins.
- ◆ Who a player defeats and loses to is more important than the length of win/loss percentages of a record (the quality of the opposition is the most important factor). On the other hand, exposure must also be taken into account. Players with short records have not given other players an opportunity to possibly defeat them.
- ◆ An upset loss of a top player should have a greater impact on raising the lower player than it does on lowering the top player.
- ◆ All matches, being of either a proset of eight games or more or two-out-of-three sets will carry equal weight for seeding.
- ◆ An individual must have played in a minimum of eight matches in singles to be considered for a singles seed.
- ◆ Individuals must have played in a minimum of eight matches in doubles to be considered for a doubles seed.
