Out of over 50 outstanding applicants, ten were selected to serve for their junior and senior years. These students were selected from the Nebraska's six NSAA districts. The selection process was focused on the representation of gender, school classification, minority representation, and participation in interscholastic athletics/activities. This group collectively represents all of the NSAA sponsored activities.

The Student Advisory Committee helps to promote the mission of the NSAA, encompassing leadership, sportsmanship and integrity. The focus is on providing education and leadership through open and honest communication with all member schools and their students, administrators and coaches.

Duties and responsibilities are: discuss current student and Association issues; assist with various Association functions; help to maintain an avenue of communication between the Association and the student participants themselves; creating and implementing initiatives within their respective schools, communities and/or school conferences.

Avenues to accomplish this goal are:

- Committee members giving student perspectives on proposed by-law changes.
- Students providing input, helping to develop and attend the sportsmanship and leadership summits in conjunction with the Nebraska Coaches Association.
- Students recording public service announcements (PSAs), through a media partner chosen by the NSAA.

**Congratulations to the new members of the Student Advisory Committee!**
