NSAA Bylaws & Approved Rulings Governing Play Production

2.1.4 – Eligibility Certificates
The NSAA requires member schools to complete an eligibility certificate electronically for all students.

2.12.2.2 – Rules Meetings
The NSAA presents rules meetings in order to inform and educate coaches and judges about rules and changes, NSAA guidelines and approved rulings. All head coaches are required to view the NSAA Rules Meeting annually before the season begins. Failure to do so will result in possible suspension penalties. Absence from the required rules meeting will result in the following sanctions:

First Offense in Three-Year Period:
The head coach will be suspended from coaching in any competition in that activity until
(1) the head coach attends a make-up rules meeting, if available; or
(2) the head coach successfully completes the open book test for judges (70% or higher); and the school's administration verifies that the director has met all requirements.
During this regular season suspension period, the head coach may continue to direct the team at practices.

Second and Subsequent Offenses in Three-Year Period:
The head coach will be suspended from directing in all NSAA end-of-season play (districts, and state competition).
The head coach will be suspended from coaching in regular season competition in that activity until
(1) the head coach attends a make-up rules meeting, if available; or
(2) the head coach successfully completes the open book test for judges (70% or higher); and the school's administration verifies that the director has met all requirements.
During this regular season suspension period, the head coach may continue to coach the team at practices.

2.13 – Classification of Schools
Schools shall be divided into six classes, with classification based on the enrollment in grades 9-11 according to the enrollment figures submitted to the Department of Education on the fourth Friday of September of the preceding school year.

2.13.2.4 Unisex schools’ enrollments will not be doubled to determine official NSAA enrollment figures for classification purposes in play production.

General Regulations
A list of NSAA registered play production judges will be available to member schools the first week in November.

Eligibility of Students
Students who are enrolled in a member high school and have not graduated from any high school or its equivalent, which is a part of a member high school’s system who compete or practice with a member high school's team may be permitted to participate in activities of the NSAA.

2.3.2
A student in grade seven or eight who reaches age 15 prior to August 1 may participate on a high school team.

The term 'participates' means that student's performance through his/her physical talents plays an integral role in the production. This would include eligible cast members and live accompaniment. Technical crew personnel includes individuals responsible for sound effects, lighting, props, costume and make up are exempt from this ruling.
3.3.10 – Supervision of Students
Neither a school team nor individual shall be permitted to compete in a district or state contest unless the head coach, school administrator, or certificated staff member accompanies the individual or team.

5.1.1 - Purpose
The purpose of this activity is to create an understanding and appreciation by students of good dramatic literature and production, and to instruct students in acting and play production.

Length of Season
1. The first date of competition for the 2019 play production season is Friday, November 1st.
2. Member schools may not hold play production competition after the play production state contest.

5.4.3 - Participation
1. Participation in interscholastic play production by any high school student is limited to two contests per calendar week, Monday through Saturday. There shall be no interscholastic play production competition on Sunday.

5.5.1 – Play Selection
Schools may select any one-act play or cuttings from full-length plays of theatrical value, provided that it contains no fewer than three characters.

5.5.1 – (AR) Selection of Material Review Form
Play Production content has been carefully examined, and the performances are approved for presentation by the students of our school. The school also takes responsibilities for royalty payments and permission granted from the author when required.

Standards. Directors shall review materials for content that may not be acceptable in a high school educational setting (i.e.: graphic sexuality/violence; obscene language, actions or scenes; and plagiarism). The administration of the school in conjunction with the director shall ensure that the play and requirements are in compliance with the educational mission of the school. The signed Review Form serves to certify that the materials presented have been carefully examined and reviewed for presentation. Nothing in these standards is intended to permit or encourage censorship on the basis of topic or viewpoint. The NSAA supports academic standards and academic freedom.

Please Note - This form must be submitted electronically prior to district competition. The form can be found on the AD Login page as a link directly below the Play Production District Entry Form.

5.5.2 – Time Limit
The play shall be performed within a 15 to 30-minute limit. The timing device is to begin with the first sound, action or on-stage lighting. The timing device is to be stopped when the lights go out and/or the curtain closes.

Please Note - Taking the stage in minimal lighting or in the dark is not the beginning of the play; and the last sound can occur in the dark.

5.5.3 - Royalty
If the play is a royalty play, the school presenting the play shall pay the royalty. When adapting a play, the original author of an adaptation, as well as the person adapting the literature for the stage must be given credit.

5.5.4 – Stage Setting
The host school shall supply ordinary stage properties. If a set, extra lighting, or unusual stage properties are desired, the school presenting the play shall furnish them. The responsibility for the properties, sound effects, costumes, and make-up shall also be that of the school presenting the play.
5.5.4.1
In advance, the host school shall provide each participating school dimensions of the stage and lighting equipment available for use.

*Please Note - If microphones are available, all performing schools must have the option to use microphones.*

5.5.4.2
The participating schools shall provide the host school a diagram of the set, lighting plot, a program copy including the title of the play, the playwright and a list of the cast and crewmembers.

5.5.4.3
At the time of the contest, the host school shall provide a stage crew to assist the director and cast in preparing the setting and stage for the production as well as rooms for dressing and make-up.

5.5.5 - Judging Standards
1. Acting shall be the primary criteria for judging.
2. Plays shall also be judged on the merits of the scripts, staging, and total effect of the production.
3. The acting of the individual actors shall be judged for such elements as characterization stage movement, and stage business.
4. The acting of the group shall be judged for blocking, interaction of characters, tempo, and climaxes.
5. The script shall be judged on the theatrical value of the play and its suitability to the cast.
6. The staging shall be judged for such items as blocking, stage movement, the set, lights, sound effects, properties, costuming, and make-up, with primary consideration being given to those items that are within the ability of the participating school to control.
7. The overall effect shall be judged in terms of dramatic unity resulting from the combination of the acting, the script, and the staging content, as an integrated performance.
8. The judge shall also designate those individuals whose performances are deserving of a Superior rating. The judge shall provide constructive criticism for each participating school and give each a ranking as well as a rating based on the scale of superior, excellent, and good.

5.6.3 - Entries
1. No school may have more than one entry in the district play production contest.
2. An entry form for the district play production contest can be found on the AD login page.

5.6.3.1
The entries for the district contest are to be submitted no later than a fixed date to be determined annually by the NSAA and indicated on the NSAA calendar. *This year’s due date is Friday, November 22.*

5.6
Sites for district play production contests will be determined first by request of the schools in the district. If more than one school requests to host, the determination will be based on a minimum standard of quality and facility. Schools will need to submit dimension of the stage and description of their facility. (Lighting, PA/sound system, capacity, dressing rooms, etc.) If no school within the district submits a request for hosting the event, the NSAA shall decide who hosts the district regardless of facility.
**Video Taping**

1. A school may videotape or film sessions in which its school is performing
2. Prior permission should be received from the host school.
3. **Videotaping or filming a session, in which the recording school is not participating, is not permitted.**

**Respect**

Concerns have been expressed in regard to the lack of respect being afforded to performers, directors, judges, audience members and host staff. Students and directors should understand the seriousness of their responsibility to the audience and the privilege of representing their school and community. As educators, we must recommit ourselves to the preservation of respect. Unfair acts prohibited by the spirit and intent of the rules include the use of disconcerting acts or words. Deliberately disrespecting the rules and fellow participants in the hope or expectation of gaining an advantage is deplorable and indefensible. It is imperative that directors, performers, judges and students make an extra effort to model the type of behavior that illustrates the educational values of play production competition. Conduct that berates, intimidates or threatens cast and crew members, based on gender, ethnicity, or sexual preference is unacceptable.

**NSAA Policy on Comments and Negative Actions Against Officials and Judges**

The National Federation of State High School Associations has devised Code of Ethics guidelines for high school coaches. The function of a coach is to educate students through participation in interscholastic competition. The coach or sponsor shall respect and support contest officials and judges. The coach or sponsor shall not indulge in conduct that would incite players or spectators against the officials. Public criticism of officials, judges or players is unethical.

The Nebraska School Activities Association has embraced that Coaches Code of Ethics and has established policies and standards that will cultivate the ideals of good sportsmanship, professionalism and conduct. It shall be the responsibility of each member school to ensure that all individuals directly associated with the interscholastic program conduct themselves in a sportsmanlike and professional manner.

The high school coach or director is a representative of the school at interscholastic activity events. It is the responsibility of all coaches and directors to serve as role models for students and the public.

It is the expectation that all coaches, directors, administrators and student participants shall refrain from negative criticism of NSAA member institutions, officials, adjudicators, judges, etc. in public statements before, during or after interscholastic events. The appropriate public response to media questions at all venues regarding officiating/judging is “per NSAA policy, I am unable to comment.” Any other response is a violation of this board policy and is subject to penalty.

It would be considered a violation of this NSAA policy to include, but are not limited to the following:

a. Making degrading and/or critical remarks about officials or adjudicators or the officiating or judging before, during or after an event either on or off-site, via social media, or through any public means.

b. Detaining the officials/adjudicators/judges during or following the event to request a ruling or explanation of actions or evaluation by the official(s)/adjudicator(s)/judges.

Negative actions by an individual directly associated with the program shall be reported to the NSAA office by the school and/or by the head contest official, adjudicator, judge, or manager. The school shall document the results of their investigation and actions taken, where necessary and appropriate. The NSAA Executive Director shall determine the appropriate penalties for violation of this board policy.
Accommodations for Students with Disabilities
Each state association may, in keeping with applicable laws, authorize exceptions to rules to provide reasonable accommodations to individual participants with disabilities and/or special needs, as well as those individuals with unique and extenuating circumstances. In order to determine if the NSAA can authorize such an accommodation, the school administration shall complete the Accommodations Request Form which can be found on the NSAA homepage under About the NSAA tab, NSAA Member Schools Information.

Emergency Action Plan
Severe injuries, sudden illnesses and other critical incidents do not often occur during school activities, but it is important for every school to have an emergency action plan (EAP) for administrators, faculty, coaches and staff members to follow should emergencies occur. Due to lack of universal availability of medical coverage and other logistical reasons, NSAA does not require that schools have a physician, trainer or ambulance on-site at regular season activities; however, each school should have a plan in place should there be an emergency involving students, coaches, officials or spectators requiring medical attention.

District Contests

Admission – Adults - $5.00, Students $4.00

Classification and District Assignments
1. Only those schools paying the play production registration fee to the NSAA are assigned to a district.
2. The 24 largest registered schools are placed in Class A, the next 48 in Class B, with the remaining schools divided as evenly as possible.
3. Opt-up – a school may opt up one classification. The deadline for submitting a request to the NSAA is one week from when classifications are released.

Please Note - If schools are tied in enrollment for the last position(s) of a class, the below procedure will be applied to break the tie:

   a. The first tiebreaker will be a three-year average of enrollment which includes the year on which the current year’s classification is based and the two previous years. The higher three-year average will be in the larger class.
   b. If the tie still exists, then the school with the higher immediate previous year’s enrollment will be placed in the larger class.
   c. If a tie still exists, it will be decided by a coin flip in the NSAA office.

4. Class A schools will be divided into three districts.
5. Classes B, C1, C2, D1 and D2 schools will be divided into six districts.
6. In Class A, the district champion and district runner-up will qualify for the state championship.
7. Classes B, C1, C2, D1 and D2, the district champion will qualify for the state championship.

In Class A, schools will be divided in three districts. The first six schools will be seeded according to the previous year’s district results. District A1-A3 2018 champions will be assigned to separate districts. District runners-up will be assigned so that no district runner-up and champion from the previous year shall meet in the same district.

<td>2018 A2 Runner-up</td>
</tr>
</tbody>
</table>

The remaining Class A schools will be randomly assigned.
In Classes B, C1, C2, D1 and D2 schools will be divided into six districts. All six districts will be determined according to the school's geographical location. Available site and facilities will also be considered.

Assignments begin with the school located the farthest west; schools to the east are added until the predetermined number of schools, which are to compose a district, is reached. Schools located to the north and south may be selected if total travel distance to a tournament site can be decreased. This sequence continues until all schools are assigned to districts.

If a school decides not to compete after district assignments are made, no change will be made in district assignments, however, that school is responsible for their share of the district expenses. If two or more schools decide not to compete, or two or more schools close, consolidate, or enter into a cooperative agreement, the districts may be adjusted to restore a near equal number of schools or to take advantage of a reduction in travel distance.

If a school(s) decides to participate in an activity after district assignments are completed, the school(s) will be assigned to a district with the fewest number of schools unless the travel distance is too great, the school(s) will be assigned to the nearest district and the other district assignments will be adjusted.

If a school registers late for an activity after district assignments have been made and the number of schools assigned to a district is restricted to a specific number, the school which registered late will be assigned to a district which has fewer than the specified number of schools.

**PLEASE NOTE - REGISTERED schools that DO NOT participate in districts will be fined $400.**

**Dates & Sites of District Contests**
1. All district contests will be held during the period from December 2-7.
2. The NSAA shall assign all sites, contest directors, and judges for all NSAA sponsored contests.

**Time Schedule**
Once the starting time of a contest has been set, the time shall not be changed unless mutual consent is received from all schools involved in that contest.

**Entries**
1. Due - Friday, November 22, 2019.
2. The entry fee for district play production is to be established individually by each district.
3. **Entry fees shall be established by dividing the expenses of the contest equally between the registered schools assigned to that district.**

**District Director Responsibilities**
1. Authority.
   a. The director of the tournament is granted full authority for the conduct and management of the contest and is responsible for the administration of rules and regulations and for accounting of all finances.
2. Reports.
   a. The state qualifier shall be reported to the NSAA immediately following the contest.
   b. A financial report should be completed immediately following the close of the contest and submitted to the participating schools and the NSAA.
   c. Results of the contest shall be provided to participating schools prior to leaving the contest.
   d. A copy of the financial report shall be provided to participating schools when finalized.
Suggestions for District Directors

1. Upon notification from the NSAA of the judges assigned for your district contest, the director shall notify the judges with contest information and provide the names of the judges to the participating schools. Please refer to the judges’ roster found on the AD login page for this information.

2. Judges shall be provided programs and ballots.

3. A doorkeeper shall be provided to keep people from entering while plays are in progress.

4. In advance of the contest, the director shall send each participating school the following information:
   a. Times of the contest
   b. Dimensions of the stage
   c. Description of the set
   d. Lighting equipment available for use

5. The participating schools should send the director the following information:
   a. A diagram of the stage setting
   b. A lighting plot
   c. Program copy including the title of the play, the playwright, and a list of characters and cast

6. At the time of the contest, the director shall provide rooms for dressing and make-up.

7. The host shall provide a stage crew to assist the director and cast in preparing the setting and stage for the production.

Judges and Scoring

1. Plays will be judged once by three judges.

2. Judges will be required to rank, as well as rate, all performances.

3. Judges shall not confer regarding performances prior to submitting ballots to the tab room. The judges shall conduct the oral critique at separate times and will not be present or stationed within hearing distance while the other judge engages in the oral critique process.

4. A student may be recognized for an outstanding performance. Ensemble performances will be not recognized for outstanding performance.

5. Ballots are to be provided to the directors of the participating schools prior to the awards ceremony. If a rule violation or a scoring error is discovered, it shall be rectified prior to the awards being presented.

6. Results shall be tabulated as follows:
   a. Total the rank given by each judge for each play.
   b. The play with the least ranking points is declared the winner; the play with the next lowest ranking points is the runner-up and so on.
   c. Ties in cumulative rank will be broken as follows:
      1. Judge’s preference
      2. Reciprocals
      3. Highest cumulative rating points
      4. Judges brought back together to break the tie.

   In the case of a three-way tie, the following procedure shall be used:
   Rank reciprocals will be applied. The play with the highest reciprocal total shall receive the next highest placement. Once the three-way tie has been broken, the tabulation staff will break the remaining tie by starting over at the beginning of the procedures above.

Definition of Terminology:
Judge’s Preference: This method compares the judge’s rank to determine which performance is preferred.

Reciprocals: Reciprocals require that each rank be assigned the decimal equivalent of its reciprocal. Hence, 1st – 1.0, 2nd – 0.5, 3rd – 0.33, 4th – 0.25, 5th – 0.20, etc. The reciprocals are then added, and the play with the highest cumulative reciprocal score wins.

Please Note - There can be no ties in final rank at the conclusion of the contest if a play is overtime (exceeding 30 seconds). A play that is overtime will be dropped one rank, with the rating points not being affected.
When determining the awarding of superior certificates when multiple judges are used, the judge’s ratings shall be averaged. If the average of the ratings is 50 points or greater, a superior certificate will be issued. The average shall not be rounded up to the nearest whole number.

**District Judges Fee**
The fee established for district play production judges is $17.50 per judge per play judged, plus mileage at the established NSAA rate.

**Selection of Judges for District and State**
Judges for all district and state championships are selected by the NSAA. In general, the following selection criteria shall be used:

1. Any judge interested in working district or state contests shall apply to the NSAA by submitting a completed online NSAA application.
2. NSAA judge’s ballot results submitted by directors and activities administrators on the online form will be part of the selection criteria. (Directors can access the ballot on their director’s login page.)
3. Consideration will be given to experience and geographical location of judges.
4. Consideration for state will be given to a judge’s availability to judge district contests, ballot results, experience and geographical location of judges.
5. Judging fees shall be established by the NSAA Board of Directors.

**Supervision**
The district contest shall be under the direction of the Board of Directors and Executive Director.

**Inclement Weather**

1. Snowstorms or other inclement weather conditions may force the postponement of a district.
2. The contest director has the sole authority for the postponement and rescheduling of such contest.
3. In determining whether to postpone or to hold the contest as scheduled, the director should consider the following factors:
   a. The weather and road conditions at the site of the contest

   c. Road conditions between contest site and the competing schools
   d. The weather conditions immediately prior to, during, and following the contest as reported by the weather bureau
4. After considering the various factors, the contest director determines that competition is to go on as scheduled, all schools are to be notified early enough as to allow each team sufficient time to travel to the contest site.
5. Once the decision has been made to hold the event as scheduled and any team has begun to travel, the contest shall be held.
6. If the contest director feels a postponement is necessary, he/she shall obtain permission from the Executive Director before postponing the day’s activities.
7. Once the contest has been postponed, the director shall be responsible for setting the new date, time, and site, if necessary, for the continuation of the contest.
8. The previously agreed upon schedule may be changed in order to complete the contest by the required dates.

State Contest Procedure

1. Plays will be judged once by three judges.
2. Judges will be required to rank, as well as rate all performances.

Please Note - There will be no oral critiques at the State Play Production Championships.

3. Ties in cumulative rank will be broken as follows:
   a. Judge’s preference
   b. Reciprocals
   c. Highest cumulative rating points
   d. Judges brought back together to break the tie.

In the case of a three-way tie, the following procedure shall be used:
Rank reciprocals will be applied. The play with the highest reciprocal total shall receive the next highest placement. Once the three-way tie has been broken, the tabulation staff will break the remaining tie by starting over at the beginning of the procedures listed above.

Definition of Terminology:
Judge’s Preference: This method compares the judge’s rank to determine which performance is preferred.

Reciprocals: Reciprocals require that each rank be assigned the decimal equivalent of its reciprocal. Hence, 1st –1.0, 2nd-.5, 3rd-.33, 4th-.25, 5th-.20, etc. The reciprocals are then added, and the play with the highest cumulative reciprocal score wins.

Please Note - There can be no ties in final rank at the conclusion of the contest if a play is overtime (exceeding 30 seconds). A play that is overtime will be dropped one rank, with the rating points not being affected.

When determining the awarding of superior certificates when multiple judges are used, the judge’s ratings shall be averaged. If the average of the ratings is 50 points or greater, a superior certificate will be issued. The average shall not be rounded up to the nearest whole number.

Schools will receive judges' ballots before leaving the contest. Contest results will be posted on the NSAA website shortly after the results are announced.
