I.  BACKGROUND AND AUTHORITY

This 2023-2024 NSAA OFFICIALS’ MANUAL has been prepared to provide information for officials concerning registration and classification, plus general rules and regulations concerning officials and their responsibilities toward the Nebraska School Activities Association and its member schools.

The NSAA was formed to regulate competition between schools. Rules and regulations have therefore been developed for officials and officiating. NSAA bylaws stipulate that only NSAA registered officials may be used by member schools for varsity competition in baseball, basketball, football, soccer, softball, track and field, volleyball, and wrestling. The NSAA recommends the use of registered officials for swimming and diving and requires two registered swimming and diving officials for its championship meets. The NSAA staff has the responsibility of registering officials by providing member schools with a current roster of eligible game officials. All addresses, phone numbers, and email addresses submitted will be provided in the form of an online directory to all member schools.

Officiating is a difficult avocation and is not suited for everyone. An effective official must possess certain characteristics such as integrity, confidence, calmness, consistency, good judgment, cooperation, knowledge of the rules, duties and mechanics, professional appearance, conditioning, a sense of humor and courage. Demonstrated inconsistencies with these characteristics and values is grounds for prohibiting the official from officiating NSAA and member school events.

Contest rules can at times be difficult to read, understand and interpret. To achieve officiating excellence, an official must combine knowledge of the rules and the game itself with proper officiating mechanics. It is the responsibility of the official to assure each participant in the contest a fair chance to succeed.

Officials performing their duties are expected to be fair and competent. The conduct of such officials shall be in accordance with the policies and procedures of the Nebraska School Activities Association and this Manual.

III. NSAA ATHLETIC BYLAWS - OFFICIALS

3.12 Officials

3.12.1 Approved Athletic Officials. The Executive Director shall prepare a list of registered officials who shall be available for officiating games between the member high schools of the Association.

3.12.2 Officials for Varsity Contests. Only those officials who are registered with the Association may be used by member high schools to officiate varsity competition in football, baseball, basketball, wrestling, soccer, softball, and volleyball competition, and start track and field meets.

3.12.3 Competing Schools' Approval of Officials. Officials for competitive contests shall not be chosen from cities and towns whose schools are represented without mutual consent. A list of officials agreed by consenting teams should be furnished to the visiting team(s) at least five days in advance of the scheduled contests.

3.12.3.1 Before the host school contracts officials for varsity contests, the visiting school must be given the opportunity to approve or disapprove the officials. If the visiting team disapproves of the officials, they should not be contracted.

3.12.3.2 No penalty will be assessed against a school if it refuses to play a contest because it did not have the opportunity to approve the officials.

3.12.3.3 If the officials have been approved and accepted the contract, the contract cannot be voided unless there is an emergency or there is a mutual agreement between the officials and the contracting school.

3.12.4 Protests

3.12.4.1 Protests based upon the eligibility of players will be considered by the Executive Director and Board of Directors.

3.12.4.2 Protests based upon play situations and situations which involve judgment on the part of game officials will not be considered.
IV. INDEPENDENT CONTRACTORS/CONTRACTING WITH OFFICIALS

Independent Contractor Status:
Officials are not given season schedules by the NSAA but are offered contracts by member schools on a per game basis. An official may accept or reject an offered contract from a member school. The member school will pay the official the agreed upon fee for his/her services for each game. The contracts and fees paid to the officials are determined by member schools during the regular season, with such contract provided and fees paid by the NSAA for NSAA-operated sub-district, district, playoff, and state championship contests. The NSAA does not exercise or have the right to exercise control over the officials in the performance of their services at contests, or the direction and control necessary to establish the relationship of employer and employee under the usual common law rules. As such, officials at NSAA member schools and at NSAA-operated sub-district, district, playoff, and state championship contests are independent contractors. As such, once registered, a game official serves as an independent contractor. He or she is not an employee of the NSAA or member school when serving as an official and has no other benefits consistent with NSAA employment, while arranging for contests at member schools.

Officials Associations:
Officials may join local officials’ associations that require membership fees and assign officials for contests. These dues/fees paid to associations and/or assigners are separate from the NSAA and are not a requirement to work NSAA contests.

Visiting School – Approval or Disapproval of Officials:
Before the host school contracts officials for a varsity contest, the visiting school must be given the opportunity to approve or disapprove the officials. If the visiting school disapproves of the officials, they cannot be contracted. No penalty will be assessed against a school if it refuses to play a contest because it did not have the opportunity to approve the officials. If the officials have been approved and have accepted the contract, the contract cannot be voided unless the contract provides for it, there is an emergency, or there is a mutual agreement between the game officials and the contracting schools.

Signed Individual Contracts:
All officials shall sign individual contracts with member schools for regular season contests, and with the NSAA for sub-district, district, playoff, and state championship competitions.

Substitution of Officials:
Substitution shall not be made unless consent is received from competing schools and signed individual contracts are obtained by the member school providing the officials.

Null and Void Contracts:
A contract shall be null and void:
- If either the school or the official becomes suspended or removed from the NSAA
- If due to a merger, consolidation, school closing or cooperative sponsorship, the school ceases to have a program in the activity for which the contract was written.
- If a high school cancels its entire schedule in the sport for which the contract was written prior to the date of first permitted contest.

Honoring Contracts:
Officials must honor contracts regardless of inconvenience or financial loss. Once an official has accepted a contract for a game, he or she should not ask to be released from that contract in order to accept a more lucrative assignment. Failure to honor a contract with a member school may result in immediate revocation of the official’s registration. In case of a broken contract, the amount of the fee, exclusive of mileage, shall be paid by the offending party to the offended party, except when a contract is broken because of reasons beyond the control of either party or by mutual consent.
V. **RULES AND REGULATIONS FOR OFFICIAL’S CONDUCT**

**General:**
Officials may be denied approval, suspended, or removed from the approved and registered officials list by the NSAA for any of the following reasons, whether such violation or conduct is discovered as part of the initial application review process or at any point after the official has been registered by the NSAA, regardless of when or where the violation or conduct occurred and regardless of whether it was part of a contracted officiating event: a violation of any provision of this Manual; a violation of any other NSAA bylaws, rules, or regulations; a violation of any standards established by any other body setting ethical or performance standards for officials, such as the NFHS or NHSOA; a violation of any law, regulation, or rule governing conduct of the general public or the official, specifically; failure to demonstrate competence to be an official, including knowledge of applicable contest rules, decorum expectations, and respect for all involved in any contest; engaging in any act which causes embarrassment or ridicule of the NSAA, any member school, or any participant; engaging in any act which, in the opinion of the Executive Director of the NSAA, makes the official unsuitable for continued registration with the NSAA; or for any other lawful reason.

Being a registered official is a privilege and comes with no property or other right to be accepted or remain registered by the NSAA. The NSAA and its member schools go to great efforts to foster deep respect and appreciation for the important work officials do providing opportunities for Nebraska students. As a result, it is the intent of the NSAA that these rules be interpreted broadly and to allow officials to be denied approval, suspended, or removed from the approved and registered officials list, if necessary, to the maximum extent allowed by law. This is a fundamental interest shared by the NSAA and its member schools given the age of participants; the importance of activities to students, parents, patrons, the NSAA, and its member schools; and the importance of respect for officials. There is no requirement for a conviction of any crime or a specific finding by any governing body, outside of the NSAA, as to any alleged violation or conduct covered by this Manual. The only due process to which the official is entitled regarding their NSAA registration status is contained in this Manual. All determinations made will be based on a preponderance of the evidence available, even if another standard may apply to the same conduct in a different setting.

**Comments on Contests:**
An official shall not comment on any contests, schools, or other officials, unless specifically authorized to do so by the member school or the NSAA or unless permitted by law.

**Failure to complete Registration:**
If any official fails to complete registration and does not notify schools with which he or she has contracts, the official may not be allowed to register the following year.

**Due Process:**
An official accused of non-compliance with this Manual shall be granted a hearing as indicated under the Due Process Procedure set forth at Article XII hereof.
VI. NSAA REGULATIONS GOVERNING OFFICIALS

**Training of Officials:**
The NSAA is a nonprofit, self-governing organization. Among the services provided to member schools is to train and develop contest officials. The NSAA does not assign officials or contract with officials for regular season contests between member schools. The NSAA has an officials’ observation process and contracts with qualified officials for NSAA-controlled contests.

**NSAA Registration of Officials:**
The NSAA annually registers and classifies officials and conducts clinics for the purpose of training officials on the rules and regulations governing the particular sports events at which they will officiate.

**Nebraska Residents:**
An official whose legal residence is in Nebraska must be classified as Approved or Certified in order to officiate high school varsity games in Nebraska.

**Registration Requirements:**
In order to complete registration requirements, all officials (excluding “Affiliate” officials) must agree to abide by the following NSAA regulations:
- Pay the appropriate registration fee
- View the 2023-2024 NSAA online rules meeting for the sport the official desires to officiate
- Submit the Part 1 test by proper date and score a minimum of 40 out of 50 – 80%
- Officials must be classified as “Approved” or “Certified” to officiate varsity contests

**Non-Nebraska Residents (Affiliate Officials):**

VIII. SPORTSMANSHIP BYLAWS AND APPROVED RULINGS

The NSAA and its member schools strongly believe that the major purpose of high school athletics is to be a part of the total educational program. A major part of this purpose is to stress to coaches, players, officials, and fans the vital importance of sportsmanship. It is important that everyone understands the role they play in developing good sportsmanship.

Game officials play a key role in the sportsmanship process:
- Accept your role in an unassuming manner. Avoid drawing attention to yourself by showboating and over-officiating.
- Maintain confidence and poise during each contest from start to finish.
- Know rules thoroughly and abide by the National Federation Code of Ethics.
- Do not allow the participant and coach ejection penalties to change the manner in which you officiate a contest.
- Publicly shake hands with coaches of both teams before the contest, and initiate communication equally for all schools.
- Never exhibit emotions or argue with participants and coaches when enforcing rules.
- After the contest leave the field or court immediately and be a role model for the student athletes you just officiated.

Any coach ejected from a contest for unsportsmanlike conduct shall be ineligible to coach the next athletic contest at that level of competition and all other athletic contests at any level during the interim, in addition to the other penalties the NSAA or the school may assess.

Investigation:
Upon receipt of the report, the Executive Director or his/her designee shall conduct an investigation of the allegations leading to the report.

Notice:
If after the investigation the Executive Director determines that the official’s application should be denied or that the officials should be suspended or removed from the approved and registered officials list based on the violation or conduct reported or any other information gathered through the investigation, the Executive Director shall notify the officials in writing. At the discretion of the Executive Director, the official may be suspended immediately pending the additional due process provided herein.

Request for an Informal Conference:
Upon receipt of the Notice, the official may request in writing a conference with the Executive Director to discuss the proposed denial, suspension, or revocation within seven (7) calendar days of receipt of the Notice. Such review process will be held in executive session unless requested to be in open session by the official. Upon completion of the review, the Board may affirm, reverse, or modify the decision of the Executive Director. The Executive Director will provide notice of the Board’s decision to the official within a reasonable time after the Board makes its determination. This notice may be provided orally, or in writing if the decision is reversed or modified. The determination of the Board shall be final.
XIII. CODE OF ETHICS FOR ATHLETIC OFFICIALS

Officials at an interscholastic athletic event are participants in the educational development of high school students. As such, they must exercise a high level of self-discipline, independence, and responsibility. The purpose of this Code is to establish guidelines for ethical standards of conduct for all interscholastic officials.

- Officials shall master both the rules of the game and the mechanics necessary to enforce the rules, and shall exercise authority in an impartial, firm, and controlled manner.
- Officials shall work with each other and their state associations in a constructive and cooperative manner.
- Officials shall uphold the honor and dignity of the profession in all interaction with student-athletes, coaches, athletic directors, school administrators, colleagues, and the public.
- Officials shall prepare themselves both physically and mentally, shall dress neatly and appropriately, and shall comport themselves in a manner consistent with the high standards of the profession.
- Officials shall be punctual and professional in the fulfillment of all contractual obligations.
- Officials shall remain mindful that their conduct influences the respect that student-athletes, coaches, and the public hold for the profession.
- Officials shall, while enforcing the rules of play, remain aware of the inherent risk of injury that competition poses to student-athletes. Where appropriate, they shall inform event management of conditions or situations that appear unreasonably hazardous.
- Officials shall take reasonable steps to educate themselves in the recognition of emergency conditions that might arise during the course of competition.
- Officials shall maintain an ethical approach while participating in forums, chat rooms, and all forms of social media.

--National Federation Officials Association (NFHS)
XIV. SOCIAL MEDIA, OFFICIATING AND ELECTRONIC CODE OF ETHICS

With the increased use of social networking through the internet and via mobile phone and devices, it is important for officials to understand the importance of maintaining an ethical approach while participating in various forums, chat rooms, message boards, and all forms of social media.

- Violations of this code of ethics will be considered conduct “unbecoming” of an official and subject an applicant to a denial or subject a registered official to registration suspension or revocation.
- To malign or openly criticize another official in any form of electronic communication is considered not only unprofessional, but also undermines officiating in general.
- It is also unprofessional for officials to offer rules clarifications or interpretations through any medium outside of a contest without the expressed, written permission from the NSAA.
- Officials must be very careful with the use of social media. In many cases, closed discussion and understanding is important to consistency and rules enforcement. The line is crossed when an official states things such as, “The call should have been”, or “The rule should have been interpreted as”, for those are statements that should only be made by those officially designated by the NFHS or the NSAA to make such interpretations. Internal discussion is likely a very good thing if the audience can be securely limited. A moderator or discussion leader can then say, “We have had enough debate, we will get a clarification and post it online when we get it.” That’s the advantage of closed discussions and avoidance of public doubt about any particular rule, call, or judgement.
- The NSAA advocates and applies the recommended policy statement of the National Association of Sports Officials that states social networking sites can be wonderful communications tools. But there can be unintended consequences if they are used improperly. Because of their unique standing, officials need to be particularly careful when using those sites and to consider the obligations of this Manual and the profession generally when accessing them.
- Accountability and integrity should always be our guiding principles. Jeopardizing your impartiality or professionalism should never be a part of your actions or posts. Let this information guide your decisions and involvement with social media.
- It is important for sports officials to realize that it is considered very unprofessional to carry a cell phone on the field or court, regardless of the reason. Officials are encouraged to refrain from the use of these types of electronic devices for any communication while the official has NFHS rule book jurisdiction, including texting or other forms of messaging or communication except in the case of an emergency.

Reminders and Guidelines:
- DO be aware that all posts on social media may be made visible to the general public, even through private accounts if others share information as your “friend” or contact. Even if you limit access of your page to friends, it is likely that your post will be viewed by someone beyond the circle of people you intended to see it.
- DO find out your association or league expectations regarding social media.
- DO think twice before you post. If there is anything in your post that could be construed as a criticism of officials, of officials’ decisions, or of schools, coaches, or athletes…it’s better left unsent.
- DO assume that your post will be seen by the two teams you will see in your next game and the teams you worked in your previous game as well as your partner(s) in those games.
- DON’T post anything relating to the schools you have worked or will work. It calls your objectivity into question.
- DON’T include anything in a post that refers to an upcoming assignment.
- DON’T post details about other people’s assignments.
- DON’T use social media to criticize other officials, state or local association policies, assigning practices, etc.
- As a private, nonprofit organization, no official exercises First Amendment rights with respect to their application or registration as an official with the NSAA.
