

OUTSIDE PARTICIPATION WAIVER REQUEST

This form is to be used when requesting a waiver of the Outsider Participation rule (Bylaw 3.5.1).

NSAA Bylaw 3.5.1. "Any student who participates in any athletic contest other than as a representative of his/her high school during the season of the sport involved becomes ineligible to represent his/her school in that sport for one or more contests or the remainder of the season.

A student may participate as an individual, without loss of interscholastic eligibility under the following conditions:

(a) As a member of a national team (and the actual direct tryouts) which is defined as one selected by the National Governing Body of the sport on a national qualification basis, either through a defined selective process of actual tryout for the purpose of international competition which requires entries to officially represent their respective nations.

(b) In an Olympic Developmental Program, which is defined as a training program or competition.

(1) Conducted or sponsored by the United States Olympic Committee (USOC), or

(2) Directly funded and conducted by the USOC member national governing body on a national level (e.g. NGB national championship and direct qualification therefore); or

(3) Specifically authorized by a national governing body involving only athletes previously identified by some qualifying procedure by the national governing body as having potential for future participation in regional, national, or international competition in the sport involved.

(4) Coaches from schools involved with an Olympic Development Program must adhere to the organized practice rule.

(c) While representing the National Federation as a member of its United States national entry in an International School Sport Federation event.

(d) In an athletic contest sponsored by a non-high school organization, provided the individual has qualified prior to the sports season through actual competition in a meet or series of meets which were designated in advance by the sponsoring organization as qualifying meets. Times, distances, placement, or performance in high school competition shall not be considered as qualifying criteria.

(e) Provided in a, b, c, and d, such participation has been approved by the high school principal and the Nebraska School Activities Association.

The high school principal and the coach of the sport involved must approve the request for a waiver of Section 3.5. The school then may request a waiver from the Nebraska School Activities Association, including documentation on how prequalification was met, with a maximum of one (1) non-school event per season for an individual student.

If the student(s) has not qualified for the competition through actual competition in a meet or series of meets which were designated in advance by the sponsoring organization as qualifying meets, or the competition is not a part of the United States Olympic Development Program, a waiver may be granted provided the student(s) does not represent his/her school in competition of the sport involved for the same number of days in which he/she participated in the non-school competition.

Students must miss the school events(s) immediately following the outside participation activity unless there are not the required number of regularly scheduled school events remaining; in which case, the additional events would need to be made up in advance of the outside participation.

Request for the certification of distances or times attained in state meet competition shall be submitted by the individual along with information on how these marks are to be used. In order to be considered, the use of such marks must meet established minimum qualifying standards and competition must be open to any athlete meeting such standards. Certification of times or distances will not be given if qualification is based upon placement in a contest sponsored by the membership of the Nebraska School Activities Association.
