SUSPENSION OF PLAY

In the event a game must be suspended and the game cannot be resumed that day, the head referee shall declare it an official game if one complete half or more of the game has been completed and the score is not tied.

If less than one-half of the game has been played or if more than one-half of the game has been played and the score is tied, the game will resume at the point of interruption.

If a game is resumed from the point of interruption, and one team is clearly in possession, the game will be restarted by an indirect free kick by the team in possession at the point where the ball was when play was suspended.

If there is no clear possession, there will be a drop ball at the spot where the ball was declared dead, provided the ball is not in the penalty area.
