Pre-Tournament Coaches Meeting

There will be a pre-tournament coaches meeting on Zoom at 07:00 PM Central Time on Sunday, February 16, 2025. The qualifying coach will be emailed a Zoom Link prior.

We are asking that all wrestlers keep their straps up while on the competition floor and not walk to and from the mats with them down. They can take them down once they are off the arena floor and out of spectator's sight.

State Tournament Pairings/Seeding

At the conclusion of the district tournaments in all classes the 4 district champions from each class will be seeded using the NSAA/Trackwrestling seeding program. The remainder of the bracket will be placed using a formula based on the result of the top 4 seeds (24 different formulas). All district champions will be on the opposite side of the bracket from the 2nd and 3rd place finisher from their respective district. The champion and 4th place finisher from the same district will be placed on the same side of the state bracket, but in different 1/4 brackets. In the first round of the state meet, the district champions will be paired with a 4th place wrestler from a different district, a 2nd place district finisher will be paired with a 3rd place wrestler from a different district. Boys pairings will be released after the seeding program has finished and the brackets have been built. ***If a district tournament is postponed because of weather, the pairings will not be released for all classes until all districts have been completed.***

COACHING ATTIRE

In an effort to continuously improve the quality and image of the State Wrestling Championships, we are asking the participating schools to be aware of the attire for the coaching staff. Because we now webcast every match of the Championship for the world to see, we are asking the coaches to be conscious of the image that they are presenting as they represent their respective school. Obviously, if the coaches choose to wear a shirt with a school logo or even a button-up shirt with or without a tie, that would be up to standard. We are recommending the following **minimum standards**:

1. All coaches wear shirt or jacket that signifies your school in some form.
2. No jeans.
3. No ball caps (we currently do not allow ball caps for the wrestlers on the awards stand).

The Wrestling Championships are one of the most highly attended events for the NSAA each year and as we strive for improving the image of wrestling and the championships, we are asking for your help in this venture. We sincerely appreciate your help in making the Wrestling Championships a great experience for all. Thank you.

Check Weight Scales: Two digital scales will be available throughout the entire State Wrestling Championship for your wrestlers to check their weight. These scales will be located inside the warm-up area. Signs will be posted for location. *(See the area on the map located in your team packet)* **Please tell your wrestlers not to move this scale! This scale is a courtesy scale and unofficial. Only the scales within the weigh-in area (not warm up area) are official.**

Weigh-In Procedures:

1. Weigh-ins for Boys will be in the weigh-in area on the lower level, north end of the arena at the CHI Health Center Omaha. The warmup area is located on the north end of the arena. Each contestant must weigh in on the digital scale designated for their respective classification. The designated area will be marked as the official weigh-in area. All wrestlers who are to weigh-in, need to be in the weigh-in area at the start of weigh-ins. **Once the official weigh-ins begin, the weigh-in area will be off limits to coaches, team personnel and wrestlers who are not officially weighing in.** No cameras or cell phones allowed in this area. The NFHS weigh-in rules for tournaments will be enforced.
2. If a wrestler steps on their respective scale during the weigh-in period and does not make the required weight, they are allowed to step on that scale one more time. If they still don't make the weight, they will have the opportunity to

challenge any scale in the official weigh-in area and step on those scales one time each. They must, however, remain in the designated area until the conclusion of all remaining weight classes. If they make the required weight on any of the remaining scales, it will be recorded that they have made the weight.

Wrestlers' Health: A physician will be present at the weigh-ins. The presence of a communicable disease or any other condition, which, in the opinion of the examining physician, makes the participation of an individual inadvisable, will be considered full and sufficient reason for a medical default. The physician's decision will be final and without appeal. There are some things that he/she may not be able to detect, but we should keep in mind that it is the coach's responsibility to have all of his wrestlers in compliance with all of the health and safety rules for wrestlers. The decision of the on-site physician(s) is final and no other determinations will be considered.

Skin Issues: If a wrestler has a current "NSAA Physician Release for Wrestler to Participate with Skin Lesion Form," they need to have it with them when they weigh-in so it can be checked by an on-site NSAA State Championship Physician. All skin issues, determined to be contagious, will be treated as a medical forfeit for all matches that day. The wrestler will not be allowed to weigh-in.

Special Equipment and Taping:

1. Any wrestler planning to wear any type of special equipment (face mask, brace, padding, hair covering, etc.) must have it inspected at the time of weigh-ins. Any special taping must be approved by an official before a wrestler competes in a match. (See NFHS Rules: 4-3-1, 2, 3). **REMINDER**--There cannot be tape on the headgear.
2. Verification of its approval will be entered on the official weigh-in sheets, and it will be approved for the duration of the state championship, if no alteration is made.
3. Anything not approved in advance may be ruled illegal at match time. Time required to correct illegal equipment or taping is counted as injury time. (See NFHS Rule: 8-2-1)

Uniform:

1. (NFHS Rule 4-1-1, 4-1-3, 4-1-4) Please make sure your wrestlers are wearing a competition uniform for weigh-ins and competition.
2. It is the coach's responsibility to have his wrestlers in legal uniform. If a wrestler appears on the mat without the proper uniform, they will have to use injury time to correct the situation and the wrestler will be assessed a technical violation.
3. **We are asking that all wrestlers keep their straps up while on the competition floor and not walk to and from the mats with them down. They can take them down once they are off the arena floor and out of spectator's sight.**

Forfeits: If a wrestler forfeits a match, he/she cannot place in the championship, unless the forfeit was due to an injury/illness which occurred in an earlier round of the state championship. Also, extenuating circumstances concerning forfeits will be considered by the championship directors, doctor, and coach. Any forfeit due to injury/illness or extenuating circumstances must be approved in advance in order for the wrestler to place in the state championship. (NFHS Rules 10-2-2, 4, 5, 6, 7, and 8).

Mat Alignment: Until the finals, we will wrestle on an 8-mat setup. During Sessions 1 & 3, Class A will wrestle on mats #1-4 and Class D will wrestle on mats #5-8. During Sessions 2 & 4, Class B will wrestle on mats #1-4 and Class C will wrestle on mats #5-8. During session 5, Class A will wrestle on mats #1-2; Class B on mats #3-4; Class C on mats #5-6; Class D on mats #7-8. During Finals Saturday afternoon, there will be a 4-mat setup. *(Please see your enclosed mat diagram).

Mat Area and Coaching:

1. Only coaches of wrestlers who are wrestling a match and the contestants and their coaches who are to wrestle the next match are to be on the floor area near the mats.
2. Remember, a maximum of two team personnel is allowed in the coaching area during a match. Both must be seated in the designated coaches' chairs. (NFHS Rule 2-2-2) Any coaches must have a visible lanyard.
3. No coaching out on the mats away from coaches' designated areas on the corners of the mats. (NFHS Rule 7-5-2)
4. **DO NOT WALK ACROSS THE MIDDLE OF OR BETWEEN THE MATS!**

Video Taping/Cameras: No videotaping matches while on the main wrestling floor area. All videotaping must be done from the spectator seating area. These cameras must be handheld with no tripods and cannot be plugged into an electrical outlet by an extension cord. This includes coaches at the mat and coaches in the floor level seating area. All videos must be taken from the seating areas. Cameras can be used by coaches at mat side to take still photographs only.

Sportsmanship: Any team deductions will be announced to the fans after they have been confirmed and the points have been deducted in Trackwrestling. As a reminder, unsportsmanlike conduct and flagrant misconduct can be called by the officials or tournament administration if warranted. We will also be monitoring fan behavior and address it accordingly. Which could result in removal from the facility for the remainder of the event.

Locker Rooms: Four locker rooms will be available on the lower level for wrestlers to use during the State Championship. Please do not stay or convene in the locker rooms. **Locker rooms are to be used for showering only.** Please do not put any locks on any of the lockers in these locker rooms! ***Any damage to a CHI Health Center locker room will be assessed to schools. (See the areas on the attached map).***

Warm-Up Area: The wrestling warm-up areas will be located on the lower level on the north end of the arena. Warm-ups will be allowed on the mats prior to a session. **No food or drink on the wrestling mats.** Also, wrestlers are not to dress in this area – go to the locker rooms! The north warm-up area and staging area will be shared during the time of weigh-ins. ***(See the area on the attached map).***

Warm Up on Competition Mats: Competition Mats will be open one hour prior to the start of sessions 1 and 2 for teams to warm up. They will not be able to warm up on the competition mats prior to the finals.

Training Room: A main training room will be set-up in the southwest corner of the lower level of the CHI Health Center Omaha. The main training room will be reserved for those individuals needing Doctors' and Certified Athletic Trainers' attention. **COACHES MUST FURNISH THEIR OWN TAPE AND WRAPS** which the Certified Athletic Trainers will be happy to apply at the training room.

Coaches' Hospitality: The Nebraska Coaches Association wrestling coach's hospitality area will be located on the concourse level at the top of the escalators, on the west side behind Sections 120-122 of the CHI Health Center Omaha.
