Weight Allowance:

1. Each wrestler will get a 2 pound weight allowance from scratch weight. Example: The 120 pound weight class would be able to weigh 122. However, if there are schools that have scheduled varsity competitions on the day(s) directly preceding the Dual Championships, the appropriate consecutive day allowance will be communicated and given.
2. No wrestlers will be allowed to weigh-in and compete at a weight class lower than the weight that they qualify for according to their individual weight loss plan.
3. A contestant shall not wrestle more than one weight class above that class for which the actual weight, at the time of weigh-in, qualifies the competitor for. (NFHS Rule 4-4-2)

Wrestlers' Health: A physician will be present at the weigh-ins. The presence of a communicable disease or any other condition, which, in the opinion of the examining physician, makes the participation of an individual inadvisable, will be considered full and sufficient reason for a medical default. There are some things that he may not be able to detect, but keep in mind that it is the coach's responsibility to have all of his wrestlers in compliance with all of the health and safety rules for wrestlers. If a wrestler has a completed and up to date "NSAA Physician Release for Wrestler to Participate with Skin Lesion Form," they need to have it with them so it can be checked by the on-site NSAA Championship Physician. The on-site physician's decision will be final and without appeal.

Special Equipment and Taping: Any wrestler planning to wear any type of special equipment (face mask, brace, padding, hair covering, etc.) must have it inspected at the time of weigh-ins. Any special taping must be approved by an official before a wrestler competes in a match. (See NFHS Rules: 4-3-1, 2, 3, and 4).

- Verification of its approval will be entered on the official weigh-in sheets, and it will be approved for the duration of the championship, if no alteration is made.
- Any special equipment not approved in advance may be ruled illegal at match time.
- Once a wrestler reports to the mat for competition, any time required to correct illegal equipment or taping is counted as injury time. (See NFHS Rule: 8-2-1)

Legal Uniform: (NFHS Rule 4-1-1, 4-1-3, 7-3-5). Please make sure your wrestlers are wearing a suitable undergarment for weigh-ins and competition. It is the coach's responsibility to have his wrestlers in legal uniform. If a wrestler appears on the mat without the proper uniform, they will have to use injury time to correct the situation and the wrestler will be assessed a technical violation. **It is not a requirement that all contestants from a team have the same uniform. EXAMPLE: A portion of the team could wear singlets and others from the same team could wear the optional two-piece uniform in the same competition.**

Shower Facilities: Showers at Sunrise Middle School locker room are available. Sunrise Middle School is located two blocks north of the fairgrounds. (See map.) Please notify NSAA Staff if you intend to utilize the shower facilities.

No food or drink on the wrestling mats. **Please keep mats clear at the conclusion of competition.** Warm-up mats will be available on Friday afternoon for teams that will be coming in town early. Please notify the NSAA rhigdon@nsaahome.org if you wish to utilize the warm-up mats.

Athletic Training Area: A main training area is located on the east side of the Expo Arena (behind the drape). The main training room will be reserved for those individuals needing Doctors' and Certified Athletic Trainers' attention. **COACHES MUST FURNISH THEIR OWN TAPE AND WRAPS** which the Certified Athletic Trainers will be happy to apply in the training area.

Team Seating while not in competition: When coaches and competitors are not in competition, they will not be allowed on the wrestling floor. You should be seated in the upper Mezzanine or general admission areas.
