Constitution—Article 1

1.1 NAME AND PURPOSE

- 1.1.1 This organization shall be known as the Nebraska School Activities Association (NSAA).
- 1.1.2 The public and non-public high schools of Nebraska voluntarily agreed to form the Nebraska School Activities Association for the following purposes:
 - a. to formulate and make policies to promote high ideals of citizenship, fair competition, sportsmanship and teamwork which will complement the member schools' curriculum programs.
 - b. to foster uniformity of standards in interscholastic activity competition.
 - c. to organize, develop, direct and regulate an interscholastic activity program which is equitable and will guide and promote the health and physical welfare of all participants.

1.2 MEMBERSHIP

- 1.2.1 Any public or non-public school operating any grade or grades above the sixth and rated Approved or Accredited by the Nebraska State Department of Education may become a member of this Association.
- 1.2.2 Payment of annual dues, submission of completed membership application form, and agreement to comply with all rules and regulations are necessary for membership in this Association.

1.3 DUES AND ASSESSMENTS

- 1.3.1 Membership dues shall be \$40.00 per year for each school. The annual dues are payable during the month of July for the ensuing year. Failure to pay dues on or before September 30 for any current year shall result in forfeiture of membership.
Reinstatement of a delinquent member school shall be authorized only upon payment of a penalty of five dollars (\$5.00) and upon payment of all dues in arrears.
- 1.3.2 If the Board of Directors believes it is necessary to have additional income in order to carry out the Association's program of activities, a participation fee may be assessed each school for each activity in which the school participates. The amount of the fee shall be determined by the Board of Directors, and the total fee assessed each school shall be paid on or before the opening date of each sport season.

1.4 DISTRICT ORGANIZATION

- 1.4.1 For the purpose of effecting equitable representation in the government of the Association, the State shall be divided into six basic districts. The boundaries of these districts shall be reviewed annually by the Board of Directors. NSAA district boundaries will be reviewed at least every ten (10) years, and more frequently if the need exists, by a formal review committee comprised of eight (8) member schools and two members of the Board of Directors.
- 1.4.2 Whenever it is deemed advisable for the effective administration and direction of a single competitive event or festival, the Board of Directors may subdivide a district or form other areas within the State without regard for district boundaries.

1.5 LEGISLATIVE PROCEDURE AND AUTHORITY

- 1.5.1 **District Meetings.** Each district shall hold a minimum of two meetings each year. The first meeting shall be held by December 1 and the second meeting shall be held by February 1.
 - 1.5.1.1 The purpose of the first district meeting shall be for the transaction of other business which may properly come before it.
 - 1.5.1.2 Proposed changes in the Constitution and Bylaws must be introduced during the first district meeting, and shall be presented by a representative of a member school district located within that respective NSAA district.
All legislative proposals are submitted to the NSAA electronically. After the NSAA staff verifies the proposals to confirm the Bylaw or rule reference, the proposals are posted on-line for all schools to view. After the October 1 deadline for submitting proposals, the NSAA will e-mail the respective NSAA district proposals to each member school within that district.
An administrator's signature is not required for submission as access to the proposal form may only be obtained through the secured administrator's log-in on the NSAA web site.
 - 1.5.1.3 Upon the majority approval of member schools present at the first district meeting, written proposals presented that day by the respective Board of Directors member may be added to the meeting agenda.
 - 1.5.1.4 At all district meetings of this Association, each member school shall be entitled to one vote. The administrative head of the school or any school official so designated shall be considered the representative of the member school.
 - 1.5.1.5 All proposed changes receiving a majority vote at the first district meeting in each district shall be forwarded to the Executive Director by December 15. The Executive Director will compile all proposals received from all districts and send the accumulated proposals to all member schools for local study.
 - 1.5.1.6 The purpose of the second district meeting is for the election of officers and to review and act on all proposals submitted during the first district meeting. New proposals and/or amendments are not permitted. The minutes of this meeting are to be forwarded to the Executive Director.

- 1.5.2 **Legislative Commission.** There shall be a Legislative Commission composed of the members of the Board of Directors and the chairperson of each District Managing Committee.
- 1.5.2.1 The Legislative Commission should meet annually, on a date set by the Board of Directors, at least forty-five days prior to the Representative Assembly.
- 1.5.2.2 The Legislative Commission shall consider and screen the proposals for changes in the Constitution and Bylaws passed by the districts to be submitted to the Representative Assembly.
- 1.5.2.3 Proposals for changes in the Constitution and Bylaws that receive six or more of the fourteen votes of the members of the Legislative Commission or proposals for changes in the Constitution and Bylaws that have been passed by three or more districts shall be placed on the Representative Assembly agenda.
- 1.5.2.4 The voting results on each proposal shall be sent to the member schools within seven days following the Legislative Commission meeting.
- 1.5.3 **Representative Assembly.** The legislative authority of this Association shall be vested in a Representative Assembly that shall be responsible for establishing policy for the effective regulation of school activities for which this Association has been created.
- 1.5.3.1 The Representative Assembly shall be composed of the District Managing Committee members (Ref. 1.7.2) and voting members, and elected representatives from each district.
- a. The elected representatives are selected on the basis of one representative for each 3,000 students or major fraction thereof, enrolled in grades 9 through 11 in each district based upon the enrollment figures submitted by October 1 of the preceding school year to the Nebraska Department of Education.
- b. At least one-half of the total representation from each district in this Assembly shall be school administrators (persons whose job responsibilities are of such nature as to require an administrative and supervisory certificate).
- Each district delegation may include but not exceed one director of each activity sponsored by the Association, but in no event shall the delegation exceed the total number of representatives allowed in the preceding paragraph.
- 1.5.3.2 An equal number of alternate representatives shall be chosen, keeping in mind that at least one-half shall be administrative personnel.
- 1.5.3.3 In the event that both the elected voting member (delegate) and his/her alternate are unable to attend the Representative Assembly, the respective District Managing Committee has the authority to appoint an official delegate in order that each district will have a full complement of delegates attending.
- 1.5.3.4 A majority of the total membership of the Representative Assembly shall constitute a quorum.
- 1.5.3.5 The Representative Assembly shall consider all items placed on the agenda by the Legislative Commission. New proposals may be submitted to the Representative Assembly if introduced as "other business," and provided the proposals receive the consent of a majority of the members of the Assembly.
- a. Proposals introduced as "other business" and approved by the majority of the members of the Assembly shall be presented in written form with sufficient copies for each representative. Such proposals shall be brought up for discussion immediately following the prepared agenda.
- 1.5.3.6 Legislation may be enacted by a three-fifths majority vote at any annual meeting provided changes in the Constitution, or the Bylaws pertaining to eligibility rules for participation in interschool activities, or new proposals brought up on the floor under "other business" shall be approved by member schools of the Association. With the consent of three-fifths of the membership present at any annual meeting, the Representative Assembly may refer other legislative proposals to member schools.
- a. Whenever a proposal is referred to the membership of the Association, it shall be accompanied by a statement of the principal arguments for and against its enactment.
- b. Any proposal so referred shall become valid as a rule of the Association when approved by three-fifths of the member schools voting on the issue, provided the votes cast in favor of such proposal shall equal or exceed thirty-five percent of the total membership of the Association.
- 1.5.3.7 It shall be the duty of the Board of Directors and the Executive Director to determine the expense allowance of each representative to the Representative Assembly and to pay such expenses from the general funds of the Association.
- 1.5.3.8 **Amendments.** Amendments may be made to the Constitution as specified in Paragraph 1.5.3.6 or whenever fifteen percent of the member schools petition the proposal of an amendment to the Constitution, the Board of Directors shall direct the Executive Director to conduct a referendum on the proposal. Amendments offered in this manner shall become a valid part of the Constitution when ratified by three-fifths of the member schools taking part in such referendum provided the votes cast in favor equal or exceed thirty-five percent of the total membership of the Association.
- a. Whenever a proposal is referred to the membership of the Association, it shall be accompanied by a statement of the principal arguments for and against its adoption.

1.5.4 CLASSIFICATION CAUCUS COMMITTEE

1.5.4.1 Each classification of member schools established pursuant to this Constitution shall form a caucus made up of member schools in such classifications, which shall be referred to as a Classification Caucus.

1.5.4.2 **Meetings.** Each class shall hold a caucus meeting each year.

1.5.4.2.1 A Classification Caucus may initiate proposals for adoption, amendment or repeal of Association Bylaws/Approved Rulings, provided that any such proposal shall not affect student eligibility or materially affect Association and member school finances. Each such proposal shall include a cost and revenue analysis, and the proposed effective date of the proposed adoption, amendment or repeal of an Association Bylaw/Approved Ruling.

APPROVED RULINGS AND INTERPRETATIONS FOR 1.5.4.2.1

1. *The NSAA staff shall designate a late summer/early fall date, time and location for an initial meeting for each Classification Caucus to meet to discuss possible proposals to be considered in each class. Member schools shall be invited to such meetings, but attendance is optional for schools.*

2. *“Materially affect finances” shall mean any expense in excess of \$500. Those making proposals through the Classification Caucus shall consider all costs, not the least of which includes trophies and medals; reimbursements to schools for participation in state events; programming costs to make the necessary NSAA software changes to accommodate the proposal; added member school travel, lodging and meal costs; added costs for Association or member school equipment acquisition or changes and added personnel costs. If such costs to the NSAA are projected to exceed \$500, such legislative proposals will need to be introduced through the normal NSAA District Meeting legislative process. If there is a question as to whether the added cost exceeds \$500, the executive director or Board of Directors shall make the final decisions as to whether such proposal can be introduced through the Classification Caucus process.*

3. *Classification caucus proposals initiated for consideration shall only affect the class in which it was submitted.*

1.5.4.2.2 All proposals for the adoption of, amendment to or repeal of Association Bylaws/Approved Rulings must be submitted by a Classification Caucus Representative electronically to the NSAA no later than October 1.

1.5.4.2.3 After the October 1 deadline, the NSAA shall forward the proposals to the Classification Caucus Review Committee.

1.5.4.3 **Classification Caucus Review Committee**

1.5.4.3.1 The Classification Caucus Review Committee shall be comprised of two representatives from each of the four (4) NSAA classifications representing Classes A, B, C and D qualified to serve under paragraph 1.5.1.4, and the Chairperson of the NSAA Board of Directors. The NSAA Executive Director or designee shall serve in an ex-officio capacity.

APPROVED RULINGS AND INTERPRETATIONS FOR 1.5.4.3.1

In the event that a representative is unable to attend a scheduled meeting, the representatives of that respective class may appoint an individual to fill the vacancy. The terms of Classification Caucus members shall be three-year terms, and a rotation system shall be established to assure that each of the six NSAA Districts has representation on the Classification Caucus and to assure there is a systematic rotation of Classification Caucus members.

1.5.4.3.2 The Classification Caucus Review Committee shall hold a minimum of two meetings each year. Minutes shall be taken of such meetings, and posted on the NSAA website. The first meeting shall be held in October and the second meeting shall be held in February.

1.5.4.3.2.1 At the first meeting of the Classification Caucus Committee, the committee shall:

- review each submitted proposal;
- take action on each proposal submitted; and
- return the proposal to the submitting Classification Caucus along with any adopted comments and recommendations. The Classification Caucus may consider the committee's comments and recommendations, and may submit amendments to the proposal on or before November 15.

APPROVED RULINGS AND INTERPRETATIONS FOR 1.5.4.3.2.1

The Classification Caucus members from each of the NSAA Districts shall make a presentation of the Classification Caucus proposals to their District's membership at the annual November District Meetings where the membership can hear and discuss such proposals.

1.5.4.3.2.2 At the second meeting of the Classification Caucus Committee, the committee shall consider all submitted proposals and any subsequent amendments thereto, and take action on all submitted proposals with amendments, if any.

1.5.4.3.3 The Classification Caucus Review Committee shall approve or disapprove proposed Classification Caucus proposals for the adoption of, amendment to, or repeal of Association Bylaws/Approved Rulings. To be approved, all proposals must receive an affirmative vote of two-thirds (2/3) or more of the

committee members present and voting on the proposal.

Disapproved Classification Caucus proposals shall be referred back to the Classification Caucus submitting same with a statement from the committee of reasons for such disapproval. Approved Classification Caucus proposals shall be forwarded to the Board of Directors for action according to this article.

1.5.4.4 Each proposal approved by the Classification Caucus Review Committee will be posted on the NSAA website as an approved Classification Caucus proposal, and each such proposal shall be presented as an information item at the annual NSAA Representative Assembly meeting.

1.5.4.5 Following the annual Representative Assembly meeting, the Board of Directors shall direct the Executive Director to conduct a referendum on the Classification Caucus proposal that shall be submitted to the members of the Classification Caucus participating in the activity subject to the proposed Bylaw change. The Classification Caucus proposal shall be accompanied by a statement of the rationale for such proposal. Each Classification Caucus proposal must be ratified by a two-thirds (2/3) majority of the member schools voting in such referendum. If a proposal for the adoption, amendment or repeal of an Approved Ruling is approved by the members voting thereon, such Class Caucus proposal must then be ratified by the Board of Directors. The Classification Caucus proposal shall become a part of the Association Bylaws/Approved Rulings on the effective date set forth in the approved proposal.

1.6 JUDICIAL AND ADMINISTRATIVE AUTHORITY

1.6.1.1 **Board of Directors.** The judicial and administrative authority of this association shall reside in a Board of Directors which shall be composed of one representative from each district and one additional representative from each NSAA district whose total grades 9-11 student population exceeds 12,000 students.

APPROVED RULINGS AND INTERPRETATIONS FOR 1.6.1.1

The Nebraska School Activities Association was founded upon the doctrine of equality of all school members and equal treatment of all of the students and staff of its member schools. The NSAA school membership presents a diverse population of students and staff to be represented by the district representative on the Board of Directors with differences of race, color, national origin, religion, marital status, sex, age, or disability. In selecting the district representative for the Board of Directors, school members of each district are encouraged to consider the diversity of the member schools, students, and staff of such district in the context of the representation of such diverse groups as part of the nomination and individualized consideration of each applicant for a position on the Board of Directors.

At least one of the two District 1 Board of Director positions shall be designated for a female representative and at least one of the two District 2 Board of Director positions shall be designated for a racial minority representative.

1.6.1.2 Each member of the Board of Directors shall be a superintendent of schools, a high school principal, or a supervisor whose duties are primarily administrative and are of such nature to require an administrative and supervisory certificate.

1.6.1.3 **Election and term of office.** Members of the Board of Directors shall be elected at annual district meetings. The term of office shall be four years and shall commence on August 1 succeeding the date of election. An alternate member of the Board of Directors shall be chosen in each district to succeed to membership on the Board of Directors in case of a vacancy in the district represented. The alternate member shall serve as the member of the Board of Directors of the district represented in all interschool controversies in which the member from that district has a special or a personal interest.

1.6.1.3.1 When an NSAA district's student population dictates that a second Board of Directors member be elected, that second board position shall be elected from among qualified candidates from the classification of schools in the district whose grades 9-11 student population represents the greatest student population.

1.6.1.3.2 Election of the additional Board of Directors members in those districts whose total grades 9-11 student population exceeds 12,000 students shall be handled in the same manner as the other members of the Board of Directors. Terms of office for the additional board members shall be for four years.

1.6.1.4 **Officers.** The Board of Directors shall elect a Chair and Vice-Chair to serve one-year terms.

1.6.1.5 **Meetings.** The Board of Directors will meet regularly, with special meetings at the call of the Chair or of any two members, with notice given to all members. All regular and special meetings will be open to individuals representing member schools, unless otherwise ordered by vote of the Board.

a. Minutes will be kept showing time, place, members present and absent, and substance of all matters discussed.

Any action taken or any question or motion duly moved and seconded shall be by roll call vote in open session, and the record will state how each member voted.

b. The Minutes of all meetings will be published on the Nebraska School Activities Association web page.

1.6.1.6 **Authority.** The Board of Directors shall have the authority to:

- a. Interpret the Constitution and all legislation enacted by the Representative Assembly.
 - b. Make all rules necessary for effective control and government of interschool activities consonant with the legislation enacted by the Representative Assembly and with this Constitution, subject to the following process and procedures:
 1. Such rules shall be set forth in the form of an Approved Ruling and Interpretation.
 2. An Approved Ruling and Interpretation may be adopted and made effective at such date and time as deemed appropriate by the Board of Directors.
 3. An Approved Ruling and Interpretation is subject to review and comment by member schools at any time.
 4. A request for the amendment or elimination of an Approved Ruling and Interpretation may be introduced on or before October 1 each year for consideration at the first district meeting for such year, and shall be presented by a representative member school district located within that respective district. Such request shall be submitted to the NSAA electronically for review by the NSAA staff to allow for verification by the staff of the Approved Ruling and Interpretation being referenced. Upon verification of the Approved Ruling at issue, the Approved Ruling and Interpretation with the suggested amendments shown shall be posted on-line for all member schools to view. After October 1, the NSAA staff will email all suggested amendments of Approved Rulings and Interpretations to each member school within the district. An administrator's signature is not required for submission of a request for amendment or elimination of an Approved Ruling and Interpretation as access to the request form may only be obtained through the administrator's secured log-in on the NSAA website.
 5. Requests for amendment or elimination of an Approved Ruling and Interpretation shall be placed on the agenda for the first district meeting and shall be discussed and acted upon by the members of that district under the same process provided for legislative proposals set forth in Articles 1.5.1.4, 1.5.1.5, and 1.5.1.6.
 6. Requests for amendment or elimination of an Approved Ruling and Interpretation that receive a majority vote in at least one district at the first district meeting shall be placed on the agenda for the second district meeting in all six districts and shall be discussed and acted upon by the members of the district under the same process provided for legislative proposals set forth in Articles 1.5.1.4, 1.5.1.5, and 1.5.1.6.
 7. Those requests for amendment or elimination of an Approved Ruling and Interpretation from the agenda of the second district meeting shall be presented to the Board of Directors at its April regular meeting for review and action by the Board of Directors.
 8. The Board of Directors, in its sole discretion, may (a) accept such request for amendment or elimination of an Approved Ruling and Interpretation, in whole or in part, (b) amend the Approved Ruling and Interpretation in another manner, or (c) determine to make no change in the Approved Ruling and Interpretation.
 - c. Adopt and promulgate rules of procedure in order to ensure that due process is followed in the disposition of alleged violations of the Constitution, Bylaws, or Approved Rulings and Interpretations of the Association.
 - d. Adjudicate all controversies between member schools which have been appealed.
 - e. For violations of provisions of this Constitution, Bylaws, or Approved Rulings and Interpretations thereof, impose such penalties as are authorized by the Bylaws.
 - f. Serve as members of the Legislative Commission.
 - g. Waive the effect of any eligibility rule upon an individual student.
 - h. Grant hardship waivers to schools when the circumstances warrant such a waiver.
- 1.6.2 **Executive Director.** The Board of Directors shall employ an Executive Director who shall exercise the prerogatives of a general administrator of all Association policies, practices and projects, and shall direct and supervise all statewide interschool events as the Board of Directors may assign.
- a. Employment shall be for a term not to exceed three years, and the Executive Director may serve one or more successive terms.
 - b. Compensation shall be set by the Board of Directors.
 - c. The Executive Director and other employees shall be bonded in an amount set by the Board of Directors. The premium for such bond shall be paid by the Association.
- 1.6.2.1 The Executive Director shall have the authority to make specific exceptions to the student eligibility rules provided such exceptions are based upon hardship conditions which are deemed to have contributed in a significant way to non-compliance with a specific rule(s).
- a. The procedure for requesting waivers on the basis of a hardship is given in the Due Process Procedure, Paragraph 1.10.3.
- 1.6.2.2 If charges are made in writing against a member school for an alleged violation of the provisions of the Constitution, Bylaws, or Approved Rulings of the Association, the Executive Director shall investigate the alleged violation and render a decision pursuant to the Due Process Procedure of the Association.

- 1.6.2.3 The Executive Director may impose such penalties as are authorized by the Association's Bylaws. The decision of the Executive Director may be appealed to the Board of Directors.

 2. *If the student has been or will be in school for the first eleven days of the present semester.*
 3. *If the student's age meets eligibility requirements.*
 4. *If the student passed and received at least twenty credit hours the previous semester.*
 5. *If the number of semesters of high school membership is less than eight semesters.*
 6. *If the legal domicile of both of the student's natural parents is within the school district.*
 7. *If the student has attended another high school within your school district.*
 - b. *Schools must check the following for each student who is enrolling in high school and attended junior high the immediate preceding semester:*
 1. *If the student's age meets eligibility requirements.*
 2. *If the student has exceeded eight semesters of school membership or four seasons of participation.*
 3. *If the student has participated in non-school competition during the season of the sport.*
- 2.1.2 **Administrative Responsibility.** The superintendent or his/her designate of each member school shall be responsible for the activities program of the school and accountable to the Association for the conduct of such programs. It shall be the duty of this person to administer and enforce all eligibility rules. Included in these responsibilities are the following:
- a. To administer and enforce all eligibility rules.
 - b. Educate and guide the school's staff who are associated with activities and the students who participate in activities in the rules of eligibility which govern members of the Association.
 - c. For the failure to discharge such responsibilities, member schools shall be subject to penalties as set out in Paragraph 2.11 of the NSAA Bylaws.

APPROVED RULING AND INTERPRETATION 2.1.2

Medical Personnel at Regular Season Contests

Severe injuries, sudden illnesses and other critical incidents do not often occur during school activities, but it is important for every school to have an emergency action plan (EAP) for administrators, faculty, coaches and staff members to follow should emergencies occur. Due to lack of universal availability of medical coverage and other logistical reasons, NSAA does not require that schools have a physician, trainer or ambulance on-site at regular season activities; however, each school should have a plan in place should there be an emergency involving students, coaches, officials, or spectators requiring medical attention.

- 2.1.3 **Consent of Parent and Student.** A student shall become eligible for practice and competition in each activity that is under the jurisdiction of the Nebraska School Activities Association when a (once each year) certificate of consent, signed by the student and one of his/her parents or guardian, and is on file with the principal. The certificate of consent shall contain an acknowledgement that the major rules and regulations governing the student's eligibility to participate in interscholastic activities have been disclosed to the student and his/her parent or guardian.
- 2.1.3.1 Prior to permitting a student's participation in interscholastic competition, the superintendent or designate of each school, (once each year), shall file a report with the NSAA office, verifying that each Certificate of Consent has been properly signed and each student has been informed of NSAA rules.
- 2.1.4 **Certificate of Eligibility.** Prior to the first date permitted for interschool competition in each activity, each member school shall submit an on-line list of all students participating and eligible to participate in each activity.

APPROVED RULINGS AND INTERPRETATIONS FOR SECTION 2.1.4

- a. *A team may refuse to engage in the contest if the participation/eligibility entries have not been entered into the NSAA on-line database.*
- b. *A non-public school and public school, or two or more public schools or two or more non-public schools, cannot combine their members to make up one team to play scheduled contests, unless they have followed the rules of cooperative sponsorship.*
- c. *The participation list is required for ALL participants in the activity. Only those participants*

marked as being eligible at their member school may participate in varsity contests.

- d. *All schools shall enter the student participation and eligibility lists on-line into the NSAA's secured database prior to the first date permitted for interschool competition in each activity.*
 - e. *Students who are ineligible for varsity participation due to transfer or eligibility rule non-compliance may participate at the non-varsity level; however, such students would be ineligible to participate if their non-varsity team is competing against another school's varsity team.*
- 2.1.4.1 In case an addition is made to the list during the season of that activity, the school shall notify the NSAA office before using the added student in competition.
 - 2.1.4.2 Schools shall certify that students who become ineligible for any contest because of failure to comply with any Association eligibility rule will not be allowed to participate.

90-school Day Ineligibility Interpretation

When counting 90-school days, a school day is defined as a student contracted regular school day, Monday-Friday, in which there is the opportunity for instruction. After the 90-school day ineligibility period has been completed, the student would be eligible on school day 91. When school is cancelled for reasons beyond the control of the student, i.e. inclement weather, facility malfunctions that prevent school from being held, those day(s) would be counted toward the 90-school days. Summer school is excluded in the count.

2.2 PARTICIPATION REQUIREMENTS

- 2.2.1 **Participants.** Individuals who are bona fide students of a member high school and have not graduated from any high school or its equivalent, and students of a middle level school that is a part of a member high school's system who compete or practice with a member high school team may be permitted to participate in activities of the Nebraska School Activities Association. **2.5.1 To be eligible, the student must be continuously enrolled in at least twenty credit hours of instruction per semester at the school the student represents in interscholastic competition.** Exempt or home school students from authorized Rule 13 schools must be continuously enrolled in a minimum of ten credit hours of instruction per semester at the school the student represents in interscholastic competition.

APPROVED RULINGS AND INTERPRETATIONS FOR SECTION 2.2.1

1. *To be a participant in any NSAA activity at either the varsity or non-varsity levels of competition, an individual must be a bona fide student of a member high school. Exempt-school or home-school students, unless enrolled in a minimum of twenty credit hours of schoolwork, at least ten of those credit hours in the member high school, are not eligible to represent a member school in NSAA activities, regardless of the level of participation or competition.*
 2. *If a school's internal grade grouping, as reported to the State Department of Education, designates the ninth grade as a part of the high school, the students enrolled in the ninth grade shall abide by the Constitution and Bylaws of the Nebraska School Activities Association.*
 - a. *If a ninth grade student who is enrolled in a junior high school is promoted to participate on a senior high school team or competes against a team composed of senior high school students, this student(s) must abide by all NSAA regulations during the season of the sport, such as opening and closing dates of the NSAA sports seasons, being restricted from competing with or against seventh or eighth grade students, NSAA game/match and individual limitations, participation in non-school competition, and the organized practice rule.*
 - b. *A ninth grade student, whether part of the high school or junior high school, may compete on or against any team composed of ninth graders only, regardless of the school's organization.*
 - c. *Once a junior high school student becomes a member of a high school team, the student has established his/her eligibility at that high school.*
 3. *If a student reaches age 15 prior to August 1 and is in the seventh or eighth grade, the student may move to the next level of competition offered in his/her school and will be ineligible for seventh/eighth grade competition.*
 4. *If a student is carrying over fifty percent of his/her work in the eighth grade, the student is not to be considered as being a high school student, provided the local authorities did not carry the student on their high school attendance records. If the student is carrying fifty percent or more of his or her work in the ninth grade, the student should be considered a ninth grade student.*
 5. *For any student to be eligible to participate in NSAA activities at any level, such student must meet the age, eight-semester, four-season and current semester (20-credit hours) requirement. The preceding semester and domicile requirements apply to varsity participation only.*
- 2.2.1.1 Once a student participates in an activity under the aforementioned arrangements, the student shall be governed by all rules of the NSAA.
 - 2.2.2 **Semester Limitation.** A student shall become ineligible after eight semesters of school membership beginning with his/her initial enrollment in grade nine.

APPROVED RULINGS AND INTERPRETATIONS FOR SECTION 2.2.2

1. *Students who have become ineligible because of excessive semesters of membership or because of excessive seasons of participation in a particular sport are ineligible for interscholastic contests including the non-varsity competition.*
 2. *Membership by a student in a school not a member of the Association counts against the student when that school subsequently becomes a member or when the student transfers to a member school.*
- 2.2.2.1 Membership in any school or schools for thirty or more school days during a semester is considered a semester of school membership.
- 2.2.2.2 The records of the school or schools in which the student was a member shall be used to determine the total number of days of school membership.
- 2.2.2.3 Semesters are not charged consecutively. If a student is not enrolled in school, the student is not charged with a semester of membership. When he or she re-enrolls in school, however, it takes one semester, for which the student is charged, to regain eligibility.
- 2.2.3 **Season Limitations.** No student shall be permitted to participate in more than four seasons of any one activity at the high school level. After initial enrollment in grade ten, no student shall be permitted to participate in more than three seasons of any one activity. Competing in any part of an interscholastic contest shall count as a season of participation in that activity.

APPROVED RULINGS AND INTERPRETATIONS FOR SECTION 2.2.3

Participation by a student in a high school interschool contest shall count as a semester of membership as well as a season of participation.

- 2.2.4 **High School Graduates.** A graduate from a four-year high school or its equivalent is no longer considered a student for interscholastic activity purposes even though the student enters another high school and is classed there as a fourth-year or even a third-year student and is a candidate for graduation.
- a. **Mid-Year Graduates.** At the end of the first semester, a student who becomes ineligible to play through graduation but who is eligible to play until the end of the semester, shall be eligible up to and including Saturday night of the week the semester is completed.
 - b. **Graduation Prior to State Contest.** A student who is eligible to compete throughout the regular season in an activity, but who graduates or completes eight semesters of high school attendance before the state tournament in that activity shall be eligible to compete in such tournament or meet provided the tournament or meet is held before the next semester starts.
- 2.2.5 **Second Semester Eligibility.** A student who becomes eligible the second semester shall be eligible the first day of the second semester, provided his/her name has been included on an eligibility list sent to the NSAA office before the contests.
- a. Students who will become eligible the second semester may be included on an eligibility list sent during the first semester, provided a note indicates the date on which they will become eligible.

2.3 AGE

- 2.3.1 **Age Limitation.** No student shall be eligible for interschool competition who has attained the age of nineteen years except as follows: A student who becomes nineteen years of age on or after August 1 shall be eligible on the basis of age until the end of the current school year.
- Exception: If the student is a bona fide student with a disability as defined at 42 U.S.C. Section 12102 (ADA) and the regulations promulgated there under, and the student's specific disability has contributed significantly to the student's inability to meet the requirements of this Bylaw, that student may be declared eligible by the Executive Director if, in the sole discretion of the Executive Director through the hardship application process, on a case-by-case the Executive Director determines that:
- a. The student does not pose a safety risk to himself/herself or others; and
 - b. The student does not enjoy any advantages in terms of physical maturity, mental maturity or activity maturity over the other participants; and
 - c. The student's participation does not affect the principles of competitive equity; and
 - d. There is no evidence of "red-shirting" or other indication of academic dishonesty. Students granted this exception will be limited to 4 years (8 semesters) of participation at the varsity level. Students granted this exception must adhere to all applicable NSAA Bylaws and Approved rulings.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.3.1

1. *Students who have become ineligible because of age are ineligible for all interscholastic contests including non-varsity team competition.*
2. *The oldest age given on any annual report shall be accepted as the student's age unless a birth certificate certified by the Bureau of Vital Statistics, State Capitol, Lincoln, or the Bureau of Vital Statistics of any other state, can be produced to the contrary.*
3. *The Age Limitation Bylaw 2.3.1 is an objective standard; a student must meet the age limitation*

set forth in Bylaw 2.3.1 to be eligible for participation and competition. The only consideration for a waiver of the age eligibility rule shall be to determine if a discrepancy exists in the student's reported Date of Birth that, upon further examination and evidence, would result in the establishment of the correct Date of Birth. [See, *Pottgen v. MSHSAA*, 40 F. 3d. 926 (8th Cir. 1994).]

4. In light of NDE Title 92. Chapter 51 (003.49) (hereinafter "Rule 51") that states, "School age programs shall mean special education programs and related services designed to serve children with verified disabilities from age 5 through the school year in which the student reaches age twenty-one," an age rule exception is extended for Unified Sports activities and events to student who are identified under Rule 51 competing as students with intellectual disabilities. Unified Sport athletes who become twenty-one years of age on or after August 1 shall be eligible on the basis of age in non-contact Unified Sports until the end of the current school year.

- 2.3.2 A student in grade seven or eight who reaches age 15 prior to August 1 may participate on a senior high school team.

2.4 ATTENDANCE REQUIREMENT

- 2.4.1 A student must have enrolled in some high school on or before the eleventh school day of the semester in which the contest takes place to be eligible for varsity interscholastic competition.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.4.1

If a student enrolls in one school any time within the first two weeks after that school has opened and subsequently transfers to another school during that semester, the latter school may accept the student's original enrollment as meeting the enrollment requirements.

- 2.4.2 After initial enrollment at a school, a student must be regular in attendance in accordance with the officially adopted attendance policy of that school.
- 2.4.3 The above requirements may be waived if a student is prevented from enrolling or being regular in attendance because of personal illness or quarantine and satisfactory cause of such late registration is presented to the Executive Director.

2.5 SCHOLASTIC REQUIREMENTS

- 2.5.1 **Current Semester.** To be eligible, the student must be continuously enrolled in at least twenty credit hours of instruction per semester at the school the student represents in interscholastic competition. Exempt or home school students from authorized Rule 13 schools must be continuously enrolled in a minimum of ten credit hours of instruction per semester at the school the student represents in interscholastic competition. Students enrolled in college classes at an accredited institution should be allowed to use those classes in meeting the twenty-credit hour eligibility requirements. No student should be allowed to use more than two classes from an accredited institution in one semester. Proof of enrollment and payment of fees should be provided to the Activities Director to verify they are registered and enrolled for the class (es).

APPROVED RULINGS AND INTERPRETATIONS FOR 2.5.1

Each individual school may determine its own current semester scholastic requirement for eligibility to compete in interschool activities. The requirements may be more stringent than the State Associations, but in no case shall the requirements be less restrictive.

- 2.5.2 **Preceding Semester.** To be eligible, a student shall have credit on the school records for twenty credit hours of school work for the immediate preceding semester.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.5.2

The twenty credit hours shall be such as will ordinarily be considered as advancing the student towards graduation.

- 2.5.2.1 The term "preceding semester" means the semester immediately preceding the semester in which the student wishes to participate in activities.
- 2.5.2.2 The preceding semester rule is not to apply to students who are entering high school for the first time and have not competed or practiced with a high school team.
- 2.5.3 **Opportunity to Fulfill Scholastic Deficiency.** A student who does not earn twenty credit hours during the spring semester may make up not to exceed ten credit hours during the summer in an accredited program. Such work must be completed and the grades recorded on the school records prior to September 1 or the opening day of school, whichever comes first, in order for that student to be eligible for varsity interscholastic participation the fall semester.
- 2.5.3.1 If incomplete grades are the determining factor in whether a student has the required number of credit hours the preceding semester, the student remains ineligible until the incomplete is replaced by passing grades and the incomplete grades are on the records of the school.
- 2.5.4 **Year Around School.** Eligibility requirements may be adjusted for a one-year period by the Board of Directors in order to permit students to participate in activities in schools that are experimenting with the twelve-month school year.

2.6 DOMICILE ELIGIBILITY

The procedure for requesting waivers on the basis of a hardship can be found under Due Process Procedure, paragraph 1.10.3

- 2.6.1 **Domicile.** Domicile shall be defined as the place where the parents have established their home. This means that the family regularly eats and sleeps in a specific place of lodging. It is the place where the student and his/her parents are habitually present and to which, when departing, they intend to return.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.6.1

The eligibility of a student is based on the domicile of the legal parent. A student, if eligible in all other respects, shall be eligible in the district where the legal parent has his or her bona fide domicile.

- 2.6.1.1 It shall not be considered a change of domicile if the parents have moved to a new home but do not intend to make it their permanent home, have not given up their former home, or have not sold their personal property or moved it to a new domicile, unless complete information is presented at a hearing before the Executive Director and a ruling has been given that a bona fide change of domicile has been made.

Q: A family will be moving to a home in a district other than the one they currently reside and do not plan to sell their legal domicile in the district from which they are transferring. Is the student eligible immediately?

A: No, this would not be considered a legal domicile change and the student would be ineligible for 90 school days for varsity competition unless a hearing before the Board of Directors determines a bona fide change of domicile has been made.

- 2.6.1.2 **Boundaries of Non-Public Schools.** For the purposes of determining domicile, the boundaries of a non-public school shall be the same as those of the public school district in which the non-public school is located.

- 2.6.2 **Parents.** The term parents shall mean the student's natural parents or adoptive parents, or foster parents if student(s) is placed in a foster home after becoming a ward of the state, courts or welfare agency, or legal guardian if parental rights of custody of both parents have been terminated by death, incompetency or unsuitability.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.6.2

If divorced or legally separated parents, or parents who have never been married, share joint custody of a child, the parent with whom the child lives immediately following the divorce or legal separation shall be defined as the legal parent for eligibility purposes. If the parents live in two different school districts and the child transfers to live with the other parent, the student shall be ineligible for ninety school days in the new school. In such situations, each transfer back and forth to different schools shall constitute a new ninety-school-day ineligibility period.

- 2.6.2.1 In order for a guardian to be recognized as a legal parent, there must be properly certified documentation from a court of competent jurisdiction indicating the date of appointment, powers conferred and whether the guardian was appointed due to death, incompetency, or unsuitability of the natural parents.

- 2.6.2.2 If the parents are divorced or legally separated, the parent who has been awarded custody of the child as documented by certified copy of an order by a court of competent jurisdiction, is the legal parent. If joint custody was awarded, the parent the child chooses to live with immediately following the divorce shall be defined as the legal parent.

- 2.6.2.3 If the parents are required to live apart because of circumstances beyond the control of the parents, but the marriage has not been dissolved and a separation decree has not been entered, the Board of Directors, upon application, may grant a hardship waiver and determine that the domicile of the student will be that of the parent with whom the student is living. Once a student makes a choice of the parent with whom he/she wishes to reside, the parent chosen shall be interpreted as the legal parent.

- 2.6.3 **Selection of School for Activity Eligibility.** When a student enters a high school for the first time after promotion from grade eight of a two-year junior high school, or a sixth, seventh, and eighth grade middle school, or from grade nine of a seventh, eighth, and ninth grade junior high school, he/she may enter the high school of his/her choice and be eligible immediately if eligible in all other respects. Any subsequent transfer to another high school, unless there has been a change in domicile by his/her legal parents, or the student meets the requirements of **the May 1 Transfer List (2.7.8.1)**, shall render the student ineligible for varsity competition for ninety school days.

- 2.6.3.1 The term "home school district" shall mean the school district in which the student's legal parent's domicile is located.

- 2.6.3.2 Once a student selects and attends a high school, that school is where the student's eligibility shall be established.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.6.3

1. *After a student completes junior high school and there is more than one high school located in the school district where his/her parents have their domicile, the student is eligible for varsity competition at one of the high schools located within the school district. Once the student selects the high school, that school is where the student's eligibility shall be credited.*
2. *A student who is ineligible because of his/her parents' failing to meet the domicile requirement shall become eligible after attending the high school he/she wishes to represent in varsity competition after ninety school days.*

Q: When is a student officially considered a 9th grade student?

A: The student officially is considered a 9th grade student when he/she attends the high school as per Bylaw 2.6.3.2.

- 2.6.4 **Student Promoted to Play on High School Team.** If a student in grades seven, eight or nine participates in interschool competition on a high school team at any level of competition, he/she has established his/her eligibility at the high school he/she has represented in such competition. Any subsequent transfer to another high school, unless there has been a change in domicile by his/her legal parents, shall render the student ineligible for varsity competition for ninety school days.
- 2.6.4.1 A student in grade seven or eight who participates at a high school in music only is not considered to have established his/her eligibility for future participation at a high school.
- 2.6.5 **School Consolidating or Redistricting.** If a student's parent(s) have a domicile located in a school district that does not have a high school and the student has attended high school for one year or more when the school district in which the parent(s) live is consolidated with a high school district other than the one in which the student has been in attendance, such student shall select one of the two high schools and be immediately eligible for interscholastic competition.
- 2.6.6 **Dual Enrollment.** A student enrolled in two member high schools at the same time is eligible only at the high school located in the school district where his/her domicile is located.
- 2.6.6.1 If both member high schools are located in his/her home school district, the student is eligible at the member high school where he/she is continuously enrolled in twenty credit hours.
- 2.6.6.2 If continuously enrolled in twenty credit hours in each member high school and both member high schools are located in his/her home district, the student must select one of the high schools as his/her home school and confine participation in interscholastic activities to that school.
- 2.6.6.3 If a resident school district draws up either a letter of agreement or contracts with the Nebraska Center for the Education of Children who are Blind or Visually Impaired, this school may be considered the home school district for the purpose of interscholastic competition.
- 2.6.7 **Learning Centers.** The following applies to any student who is enrolled in a learning center and desires to participate in interschool activities:
- 2.6.7.1 The learning center must be located within the school district served and must be a part of the school district's system.
- 2.6.7.2 The member high school that the student previously attended, elected to attend, or was assigned to attend is the school the student must represent in interschool competition, for it shall be considered the student's designated home school.
- 2.6.7.3 Any change of a student's designated high school shall be governed by the domicile and transfer rule.
- 2.6.7.4 The student must meet all NSAA eligibility requirements.
- 2.6.7.5 The name of the student and the member high school he/she is to represent must be sent to the NSAA office.
- 2.6.8 **Students with Learning Disabilities-Contracted.** When a school is unable to offer classes for a student with learning disabilities and must contract with a neighboring school district or service unit for such educational programs, the student may be eligible for interscholastic competition in his/her home school or in the neighboring school district in which instruction is being received.
- 2.6.8.1 Once the student makes a choice of schools, he/she has established his/her eligibility at that school.
- 2.6.9 **Parents Change Domicile to Different School District.** Any student whose parents reside in a school district that has a high school, shall become ineligible to represent that high school for varsity interscholastic competition for ninety school days upon the change of domicile by the parent(s) from that school to another school district that has a high school except:
- 2.6.9.1 If this domicile is changed during the school year, the student is eligible for the remainder of that school year in the school district from which the parents moved.
- 2.6.9.2 If this domicile is changed during the summer months that immediately precede the school year and the student is in grade twelve and has attended the high school for two or more years, the student may be eligible for that school year in the school district from which the parents moved.
- 2.6.9.3 If a student elects to remain at the high school where he/she initially enrolled after being promoted from grade eight of a middle or junior high school, or grade nine of a junior high school, he/she is eligible at that school, or is eligible at a high school located within the school district in which the parents established their domicile.

- Q:** *A family with three students: a junior, a freshman, and an 8th grader moved from one Nebraska community to another Nebraska community during the summer but wants the children to attend public school in a third larger Nebraska community where the father works. They purchased a home in the community they moved to because housing was more affordable there than in the larger community.*
- A:** *The student who is a junior will be ineligible for 90 school days from varsity competition due to the family moving from their established home and wishing to attend school which is outside the district of the family's legal domicile. If the student had filed an Option Enrollment application from the first public school to the larger school which was signed and approved prior to May 1 of that year, he/she would have been eligible to participate in NSAA activities programs immediately. Bylaw 2.1.1, Approved Ruling 2.1.1, a.6); Bylaw 2.6.1 and Approved Rulings. The student who is a freshman will be eligible immediately due to this being the initial high school year and that will establish the student's place of eligibility. Bylaw 2.6.1, 2.6.3, 2.6.3.2 and Approved Rulings. The 8th grader will not establish their place of eligibility until the start of the ninth grade year.*

- 2.6.10 **Parents Change Domicile Within a School District.** If a student's parents change domiciles within a school district that has more than one high school, the student has the following choices:
- 2.6.10.1 The student may remain at the school being attended at the time of the parents' domicile change and remain eligible. If a student remains at the original school and attends this school at the start of the next school year, the student is considered to have tied his/her eligibility to the original school. Any subsequent transfer without the accompanying change of domicile by his/her parents would result in a loss of eligibility for varsity competition for a period of ninety school days.
- 2.6.10.2 The student may transfer to another school in the district and be eligible immediately from a domicile standpoint. This transfer may occur at any time between the dates of the parent's change of domicile in the school district until the start of the next school year. Once the student transfers to another school within the district, he/she is considered to have domicile eligibility for varsity competition.
- 2.6.10.3 A school system with more than one high school may have its own domicile requirements and attendance areas. These may be more stringent than the NSAA's, but in no case shall they be less restrictive.
- 2.6.11 **Change of Domicile Due to a Student Becoming a Ward of State, Courts or Welfare Agency.** A student who is required to change domicile because of placement by the state, courts or welfare agency in a home, special school or institution is eligible immediately if eligible in all other respects.
- 2.6.12 **McKinney-Vento Homeless Act.** In order for any student who has been deemed homeless under the McKinney-Vento homeless act to meet the domicile eligibility requirement, a hardship waiver must be submitted to the NSAA Executive Director. In addition to submitting the hardship waiver, the NSAA member school must present documentation indicating the student meets the requirements of the McKinney-Vento Homeless Act.

2.7 TRANSFER ELIGIBILITY

The procedure for requesting waivers on the basis of a hardship can be found under Due Process Procedure, Paragraph 1.10.3

- 2.7.1 **Change of School for Academic Advantage.** A change of school for academic advantages does not create eligibility, even though the school may be non-accredited and the school to which the student transfers is accredited.
- 2.7.2 **Member School Closes and/or a New School is Formed.** The following applies:
- 2.7.2.1 Any student who transfers from a closing school prior to the completion of the school year without a change in his/her parents' domicile will lose eligibility at the school to which he/she transferred for a period of ninety school days.
- 2.7.2.2 Students who are enrolled at a closing school throughout the school year shall have immediate eligibility for interscholastic participation representing the new school. This applies to domicile requirements only and does not waive the scholastic requirement, eight-semester rule, or any Association eligibility requirement.
- 2.7.2.3 Students enrolled at a closing school throughout the school year who elect to attend a high school other than the new school at the commencement of the new school year would be ineligible at any other high school located within the school district where his/her parents' domicile is located.
- 2.7.2.4 The student's parents and the school he/she wishes to attend must submit a request to the NSAA Executive Director for a waiver of the domicile rule when a student who has been attending non-public school that is closing elects not to attend the new school and the school district where his/her parents have their domicile does not have a high school sponsored by the same faith and the student wishes to continue to attend a non-public high school that is located in another district.
- 2.7.2.5 A student who is enrolled in any high school other than the closing school during the school year and who transfers to the new school the next year shall, without a change of domicile by his/her parents, be ineligible for varsity interscholastic competition for ninety school days.

- 2.7.2.6 After a student makes his/her choice and attendance commences at the beginning of the school year, the student becomes ineligible for a period of ninety school days in any other school to which he/she may transfer.
- 2.7.3 **Transfer by Student to a Member High School in Another School District.** Any student who transfers shall be ineligible for varsity competition for ninety school days. An exception to this ineligibility would be if the student transferred from one school in a cooperative agreement to another school in that same cooperative agreement. The domicile eligibility would be waived for such a transfer student to participate in the designated activity covered by that cooperative agreement.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.7.3

If a student who has attended private or parochial school for two or more consecutive years wishes to continue his or her education in a private or parochial high school and there is no private or parochial high school located in the school district where his or her parents have their domicile, the student may attend a private or parochial high school in another school district and be eligible for interscholastic competition. Once a student enrolls and attends the private or parochial school, that school shall be where his/her eligibility is established. Any subsequent transfer shall render the student ineligible for ninety school days.

- 2.7.4 **Transfer by Student to a Different High School in Multi-High School District.** If a student living within a school district in which two or more member high schools are located, transfers from one high school to another within the same district without an accompanying change of domicile by his/her parents, the student shall become ineligible for interscholastic varsity competition for a period of ninety school days.
- 2.7.4.1 If such student returns to his/her original high school before a ninety school day period of enrollment at the high school to which he/she transferred, the student shall be ineligible at the original high school.
- 2.7.4.2 If the student remains in the school to which he/she transferred for a period of ninety school days or more, and returns to his/her original school, the student is ineligible for varsity competition for a period of ninety school days.
- 2.7.5 **International Transfer Student.** Any high school student who transfers to a member high school of the Nebraska School Activities Association from outside the United States is considered to be an International Transfer Student.
- 2.7.5.1 Schools with international transfer students who intend to participate and represent a member school in interscholastic competition must complete and submit the online NSAA International Transfer Student application prior to student participation at any level.
- 2.7.5.2 **International Transfer Eligibility.** International transfer students who are participants of a CSIET-listed J-1 or F-1 non-immigrant visa program and are determined to be eligible under NSAA regulations shall be eligible immediately for varsity participation for a maximum period of 180 consecutive school days regardless of a subsequent change in visa, residency, or guardianship. The 180 consecutive school day period begins with enrollment in any NSAA high school.
- 2.7.5.3 International transfer students not meeting the requirements of 2.7.5.2 will be ineligible for varsity participation for 180 consecutive school days.
- 2.7.5.4 International transfer students whose place of residence changes to a different school district during their varsity eligibility period must have the new school file a hardship waiver with the NSAA executive director to remain eligible for varsity participation through the end of the original 180 consecutive school day period.
- 2.7.6 **Home School Transfers.** The following shall apply in determining the eligibility for a student who has previously attended a home school and transfers to become a bona fide student at a member high school:
- 2.7.6.1 The home school, which the student previously attended, must have received acknowledgement from the Nebraska State Department of Education that the school conformed to the required statutes.
- 2.7.6.2 The student must be accepted by the member high school and placed in a grade level that will classify the individual as a high school student (grades nine, ten, eleven or twelve). The exempt or home school transfer student must be continuously enrolled in a minimum of ten credit hours of instruction per semester at the school the student represents in interscholastic competition.
- 2.7.6.3 If a student has been promoted from the eighth grade at a home school and is attending a member high school for the first time as a ninth grade student, he/she may select his/her high school and be eligible.
- 2.7.6.4 If the student is transferring from a home school and is accepted at a member high school as a tenth, eleventh, or twelfth grade student, he/she is considered a transfer student and shall be ineligible for varsity competition for ninety school days unless the home school is located in the same school district as the high school to which the student is transferring.
- 2.7.6.5 If the student enters a member school as a tenth, eleventh, or twelfth grade student, he/she shall have received, or be granted, twenty credit hours for the immediate preceding semester. The twenty credit hours must be accepted and entered on the records of the student as partial fulfillment of the school's graduation requirements. The member school shall determine whether the home school credits will be accepted to fulfill preceding semester scholastic requirements. Further, such home-school students who are enrolled

in subsequent semesters in the member high school must have evidence of having successfully completed twenty credit hours of school work the immediate preceding semester, of which at least ten of those credit hours having been earned in the member-school setting.

2.7.6.6 Students who enrolled in grades nine, ten, eleven, or twelve at a home school and who transfer to a member high school, shall be credited with the number of semesters of high school membership in which they were a member of the home school. These students shall not exceed eight semesters of school membership beginning with the initial enrollment in grade nine or the equivalent of grade nine.

2.7.6.7 Students transferring from a home school to a member high school must meet the requirements of Section 2.2.

2.7.7 **Transfers.** An exception to NSAA Bylaws may be considered for transfer students who have transferred to a member Nebraska high school that is located in a school district other than the Nebraska district where the student's legal parents' domicile is located.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.7

If a student fails to meet any of the transfer requirements, he/she shall be eligible after attending the school he/she wishes to represent in varsity competition for ninety school days.

2.7.8 **School to School Transfers.** Eligibility will be considered for Nebraska transfer students who have transferred from one Nebraska member high school to another Nebraska member high school when there is not a change of domicile by the legal parents. This would apply to Nebraska students who transfer: (1) from public school to private school; (2) from private school to public school; (3) from private school to private school; (4) from public school to public school; and (5) transfers from Nebraska school to Nebraska school within a multi-school district.

2.7.8.1 The NSAA member school into which the Nebraska student transfers MUST notify the NSAA of the transfer by entering the student's name in the NSAA online database no later than May 1. Once the NSAA has been notified, the Nebraska student could complete that year of eligibility in the Nebraska school the student was leaving. The Nebraska student would, however, become ineligible for ninety (90) school days the next fall if the Nebraska student were to change his/her mind and decided not to transfer. Only Nebraska students transferring from one NSAA member school to another NSAA member school are eligible to take advantage of the May 1 transfer and have their name submitted into the online database.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.7.8.1

Nebraska students who complete transfer requirements and/or enrollment paperwork on or before May 1 and whose names are submitted to the NSAA by May 1 as Nebraska transfer students shall be immediately eligible in the fall at the school to which they transfer. If the Nebraska student were to later change his/her mind and not transfer, that Nebraska student would be ineligible for 90 school days at the Nebraska school in which he/she attends. If such Nebraska student were to transfer to the new Nebraska school, but later decides to return to his/her former district before 90 school days have elapsed, such Nebraska student will be ineligible in the former district for 90 school days, with the ineligibility period commencing at the start of the fall semester. Or, in the case of the Nebraska student who transfers and attends the new Nebraska school before the start of the semester but whose name is submitted on the May 1 transfer list, and the student returns to the resident district, such Nebraska student would be ineligible for 90 school days commencing at the same time the Nebraska student began attending the transfer school.

2.7.8.2 Those Nebraska students whose transfer has not been reported to the NSAA by May 1, shall be ineligible for 90 school days, with such transfers being subject to hardship waiver guidelines.

2.7.8.3 Such Nebraska transfer students may transfer under this rule one time during their high school years, unless there is a change of domicile by the legal parent. Such Nebraska students who transfer a subsequent time without a change of domicile by the legal parent shall be ineligible for varsity competition for 90 school days.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.7.8.3

Unless there is a bona fide change of domicile by the legal parent, a Nebraska student may transfer only one time to a different school under the May 1 transfer deadline. A Nebraska student's name may only be entered on one Nebraska school's May 1 transfer list. A Nebraska student who transfers under the May 1 transfer provisions and who later decides to return to his/her former district before 90 school days have elapsed shall continue to be ineligible in the former district for 90 school days, with the ineligibility period commencing at the start of the fall semester. The ineligibility shall continue, regardless of the parent's domicile change within the resident district.

If a Nebraska student has a legal domicile change to a different resident school district after May 1, and submits an Enrollment Option application and it is accepted by the Enrollment Option school district in accordance with Enrollment Option statutes (79-237 subsection 2), the Nebraska student would be eligible immediately at the Enrollment Option school provided he/she is eligible in all other respects. (Sept. 2013)

Who should be on the list:

1. Any incoming Nebraska sophomore, junior, or senior, who has an intent to compete on the varsity level without penalty.
2. All Nebraska learning community transfers.
3. A student who is attending a Nebraska school on or before May 1.

Who should not be on the list:

1. Incoming freshman
2. Nebraska students that have (option or school to school) previously transferred within their 9th-12th grades
3. Students who have had a legal change of domicile

5. Students transferring for Athletic/Activity purposes

Q: *What does it mean to be placed on the NSAA May 1 Transfer List?*

Q: *Should incoming 9th grade students be placed on the May 1 Transfer List?*

A: *No, NSAA Bylaw 2.6.3 allows 9th grade students to enter the high school of their choice and be eligible immediately for varsity competition if eligible in all other respects.*

Q: *If a student's name is placed on the May 1 Transfer List can the student return to their home school district within the first 90-days and be eligible immediately?*

A: *No, NSAA Bylaw 2.7.8.1 does not allow the student a subsequent transfer without sitting out 90 school days unless there is a change of domicile.*

Q: *How many times can a student have their name on a May 1 Transfer List?*

A: *Per NSAA Bylaw 2.7.8.3, students can have their name on the May 1 Transfer List once during their high school years.*

Q: *How does a school know whether an incoming 10th, 11th, or 12th grade student's name has been previously entered on a May 1 Transfer List?*

A: *Ask the student and his/her legal parent(s), and then follow up with the school from which the student is transferring.*

Q: *Where can I locate a student's NDE number?*

A: *On the student's official transcript.*

- 2.7.9 Transfer to Home School District.** Any student entering high school for the first time after promotion from grade eight who did not initially enroll in the high school located in the school district where their student's parents have their domicile, or a student who transfers back to a high school located in the school district where his/her legal parent(s) have established their domicile shall be ineligible for ninety school days.

 - b. Any inducement to get parents or students to change residence or schools for athletic/non-athletic purposes.

- 2.13.1.1 The Board of Directors may adjust the classification of schools in unusual situations (such as consolidation, formation of a new school, gain or loss of a school district), provided such information is made known before the first allowable date for fall sports competition each year.
- 2.13.2 **Basis for Classification.** A school's classification shall be based on its total enrollment for all activities with the exception of football, boys tennis, boys basketball, wrestling, boys golf, boys soccer and baseball that will be classified on boy enrollment only, and volleyball, softball, girls basketball, girls golf, girls tennis and girls soccer that will be classified on girl enrollment only.
- 2.13.2.1 A school's total enrollment shall be the total boy and girl enrollment in grades nine, ten, and eleven according to the enrollment figures submitted to the State Department of Education on October 1 of the preceding school year except for football, boys tennis, boys basketball, wrestling, boys golf, boys soccer and baseball that will be classified on boy enrollment only, and volleyball, softball, girls basketball, girls golf, girls tennis and girls soccer that will be classified on girl enrollment only.
- 2.13.2.2 If, in a particular activity, the schools are classified for a two-year period, the total enrollment shall be the figures from the State Department of Education on October 1 of the year which immediately precedes the two-year classification period.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.13.2

- 2. **Tiebreaker**
If schools are tied in enrollment for the last position or positions of a class, the following tie-breaker will be applied:
 - a. *The first tiebreaker will be a three-year average of enrollment which includes the year on which the current year's classification is based and the two previous years. The higher three-year average will be in the larger class.*
 - b. *If the tie still exists, then the school with the higher immediate previous year's enrollment will be placed in the larger class.*
 - c. *If a tie still exists, it will be decided by a coin flip in the NSAA office.*
- 3. **Opting Up in Classification.** *A school may opt up one classification in any NSAA activity. Request to opt up must be submitted to the NSAA within one week of the classification for that activity being released.*
- 4. **Opting Down in Classification.** *Due to safety consideration and small participation numbers, schools may elect to opt down one classification in football. Such decision must be made prior to statewide scheduling, and such schools would be ineligible for playoff consideration.*
- 2.13.2.3 In schools that have grades ten, eleven and twelve only and have multi-junior high schools within the system, the ninth grade enrollment shall be determined by taking the average of the grades ten and eleven enrollment. This average is then added to the grades ten and eleven enrollment to give the total enrollment in grades nine, ten and eleven.
- 2.13.2.4 The total enrollment figures shall be doubled for unisex schools for those activities which are athletic. Numbers will not be doubled in those non-athletic activities where competition is co-ed, i.e., mixed. This would include such activities as debate, speech, play production, journalism, and music.
- 2.13.3 **Classification Period.** In all activities the classification period shall not exceed one year except in football, the classification period shall not exceed two years.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.13.3

- In all athletics, the classification period for Class A shall be for two years.*
- 2.13.4 With the approval of the Board of Directors, students from member high schools may be combined for interscholastic activity competition and field a common participating group.
- 2.13.4.1 When forming a cooperative sponsorship, no more than four member schools shall be permitted to combine and compete.
- 2.13.4.2 The classification for competition shall be based on the combined enrollment of grades nine, ten, and eleven of the schools involved.
- 2.13.4.3 If the enrollment, when combined, places the cooperative program in a classification higher than that of any of the combined schools, the cooperative program will be placed in the higher class, but the

- classification of other schools will remain the same.
- 2.13.4.4 The guidelines, as published in the Approved Rulings of this Section, shall be used by the Board of Directors in determining if a request for a Cooperative Sponsorship will be approved.
- 2.13.4.5 Applications for new Cooperative Sponsorship must be made jointly by the Boards of Education of the involved schools.
- 2.13.4.6 Requests for the renewal of programs that have been approved previously may be submitted by the Superintendent or his/her designate.
- 2.13.4.7 The requests for new programs or renewals shall be submitted by the following dates:
1. July 1 for Cooperative Programs which will be implemented during the following Fall Sports Season.
 2. September 1 for Cooperative Programs which will be implemented during the following Winter Sports Season.
 3. January 1 for Cooperative Programs which will be implemented during the following Spring Sports Season.
 4. November 1 for football cooperative programs in years that NSAA scheduling occurs.

APPROVED RULINGS AND INTERPRETATIONS For 2.13.4

Purpose: *The philosophy of the Nebraska School Activities Association is to provide an opportunity for high school students to participate in a variety of activities. Through cooperative sponsorship, the opportunity for student participation will be maintained, or increased, by permitting students who do not have a program available in their school to go to another school for activity participation. The problem of declining enrollment, the inherent financial ramifications of supporting the cost of the program, the lack of facilities and equipment, and the problem of providing a quality coaching staff when the number of teaching positions are reduced, make cooperative sponsorship desirable. Schools will not be permitted to use cooperative sponsorship to gain an advantage over other member schools.*

Guidelines:

1. *No more than four member schools shall be permitted to combine and compete.*
2. *The schools must be in the same geographical area, and the school districts must be contiguous or located in the same school district.*
3. *If a school contacts all contiguous school districts and has been turned down by all, the school can then contact the schools which border the contiguous school districts who have turned down the school searching for an agreement to co-op. This process shall continue until a school is able to obtain a school that will enter into a cooperative agreement.*
4. *The cooperative sponsorship agreement must be for a minimum of two years. The cooperative agreement may be voided at any time by mutual agreement of both schools and approval by the Board of Directors. No other cooperative agreement in the same activity may be made with another school until the original two-year period elapses.*
5. *The cooperative agreement will be for each activity. A school may have a cooperative agreement with one school in a particular activity and with another school in another activity.*
6. *Where there is an absence of an effective program in one school, a cooperative program may be established, provided a need is shown to the Board of Directors. Examples which may constitute need are: (a) insufficient numbers; (b) lack of staff; and (c) lack of facilities.*
7. *In multi-school districts, the central administration must designate the schools that may request permission to cooperatively sponsor activities in a particular activity.*
8. *If a school in one district wishes to join with a school in a multi-school district in a cooperatively sponsored activity, the school must join with the nearest high school in the multi-school district that offers the activity.*
9. *If a school previously has offered a program in an activity and there has been no significant decrease in high school enrollment, the school would not be permitted to participate in a cooperative program.*
10. *Each school is required to pay a registration fee for each activity in which the school participates. The amount of such fees will be set by the Board of Directors.*

2.14 EQUAL OPPORTUNITIES FOR PARTICIPATION

- 2.14.1 In accordance with Federal and State Laws and the interpretation of these laws, the Association through its membership shall support equal opportunities for all students regardless of race, religion, gender, national origin, or disability.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.14.1

Emerging/Adding A Sanctioned Activity

Emerging sport means there is statewide interest for the activity to become sanctioned under the NSAA. The membership shall consider the following criteria when recommending a new or emerging activity for NSAA sanction:

- (1) *Results from a formal survey submitted by the requesting parties that provides data regarding number of schools participating, student participation numbers, coaches availability (salary cost estimate), funding (equipment, uniforms, etc.), site availability, season of sport preferred, etc. The school administrator(s) submitting the proposal to add an emerging sport or activity should submit the separate disaggregated survey results of athletic/activities directors AND school superintendents. In addition to the information requested above, such survey to member schools should determine whether the respective schools would participate in the activity, if implemented. The name of each school participating in the survey should be attached to such survey results in order that it might help determine whether there is a sufficient number of schools within a geographical area to warrant implementation.*
- (2) *Data regarding the positive/negative impact of the addition to the proportionality ranges and sport offerings to the membership and the NSAA. Title IX compliance needs to be a factor in considering whether to implement an activity. Implementation of a single-gender activity generally should not adversely impact participation proportionality or Title IX compliance, if implemented.*
- (3) *Adequate number of schools in geographical area to complete a schedule (Statewide programs or Metro centered).*
- (4) *Travel.*
- (5) *Practice and competition site availability. If the proposed sport or activity requires a practice or competition facility not currently offered by most schools, details should be provided to specify how such facility consideration would be handled.*
- (6) *Cost estimates per school for start and maintenance for the activity.*
- (7) *Officials' availability, training/certification, fees.*
- (8) *Cost estimates for NSAA Championships (awards, officials, site rental, administration, etc.). Generally, post-season competition would not be considered for the three years as an emerging sport or activity; rather, post-season competition would generally be reserved until after the three-year emerging sport or activity status.*
- (9) *Safety and liability issues with the new activity.*
- (10) *Emerging sport or activity proposals, including the surveys and other required information, must be submitted by an authorized school administrator(s) of a member school or schools to the NSAA executive director by October 1 in the year immediately preceding the desired year of implementation. The Board shall study and act on the proposal in a timely manner.*
- (11) *The NSAA Board of Directors reserves the right to designate a different starting date and season of the activity proposed for the emerging sport or activity.*
- (12) *The proposal to add an emerging sport or activity should list the pros and cons of such implementation. Emerging sport or activity implementation determinations would be made by the NSAA Board of Directors. The NSAA Board of Directors may approve emerging sport status for up to three years as a non-sanctioned school-sponsored activity.*

APPENDIX 3

Accommodations for Students with Disabilities

Each state association may, in keeping with applicable laws, authorize exceptions to NFHS playing rules to provide reasonable accommodations to individual participants with disabilities and/or special needs, as well as those individuals with unique and extenuating circumstances. In order to determine if the NSAA can authorize such an accommodation, the school administration should contact the NSAA to request an accommodation hearing.

APPENDIX 4

Gender Participation Policy

The Nebraska School Activities Association (NSAA) has developed this policy to address the eligibility and participation of students in NSAA-sponsored athletics based upon gender.

A. Purpose: The NSAA has as one of its central purposes the fostering and maintenance of a level playing field for the students competing in the activity programs of member high schools. The NSAA's rules-making process involves educators who are specialists in the field of fostering, promoting and caring for the safety and best interests of students, and assuring that students participating in school activities are provided a fair chance to participate in a manner that enhances their education. The principle of competitive equity and the maintenance of a level playing field, and the safety and preservation of the personal privacy interests¹ of student athletes are basic values of schools, and our society as a whole, and is clearly a "substantial interest" of activity associations. To such end, this Gender Participation Policy seeks to balance the important goals of:

- Equal Opportunity: Providing equal opportunities in all aspects of school programming for all students is a core value in education.
- Physical Safety of Student: Protecting the health and safety of all students by assuring that female students are protected from physical injury as a result of participation in activities with biological males or androgen-supplemented biological females² who are generally stronger and faster than biological females; and,
- Competitive Equity: Maintaining a "level playing field" is an inherent expectation at all levels of sport competition and a key value of the schools that are members of the NSAA. Maintaining such competitive equity in NSAA-sponsored activities is indispensable in:
 - Preserving Title IX protections for female activities³; and,
 - Preserving protections of female athletic activities through the contact sport exclusion to Title IX.⁴
- Personal Privacy: Protecting the personal privacy of all student athletes participating in NSAA activities.⁵

B. Definitions: The following definitions apply to this policy:

1. "Gender" means the state of being male or female.
2. "Transgender" means having a gender identity or gender expression that differs from societal expectations based on gender assigned at birth.
 - a. Female-to-Male (FTM) transgender person means one who was born with a female body but who identifies as a boy or man.
 - b. Male-to-Female (MTF) transgender person means one who was born with a male body but who identifies as a girl or woman.
3. "Gender identity" means an innate sense of one's own gender.
4. "Gender expression" means external appearance, characteristics or behaviors typically associated with a specific gender.

C. Gender Based Participation:

1. Gender Eligibility: A student's gender for purposes of eligibility for NSAA-sponsored athletic activities shall be determined by the sex noted on the student's birth certificate.⁶
2. Cross-Gender Participation: Girls may participate on boys' teams when there is no girls sport or comparable sport (e.g., softball and baseball) or team offered in that sport by the member school. Boys are not allowed to play girls sports or on girls teams even when there is no corresponding boys sport.⁷

D. Transgender Student Participation: The NSAA Gender Participation Policy only addresses bona fide transgender students and does not alter the foregoing cross-gender participation rule.

1. **Privacy Statement:** As stated under the “Purpose” section of this policy, it is a fundamental tenant of the NSAA to protect the personal privacy of all student athletes participating in NSAA activities. Pursuant to such Purpose, protecting the privacy of transgender student athletes must be a priority for all athletic departments and affiliated school personnel. Information regarding a student’s transgender status, legal name, or gender assignment at birth may constitute medical information. All medical information shall be kept confidential in accordance with applicable state, local and federal privacy laws. All discussions and documentation at each level of the process by the member school, Gender Identity Eligibility Committee and the NSAA shall be kept confidential unless the student and family make a specific request otherwise.
2. **Procedures:** The following procedures shall apply to participation by a transgender student in NSAA activities:
 - a. Notice to the School: The student and parent shall contact the member school administrator or athletic director, in writing, indicating that the student is a transgender individual, having a consistent gender identity different than the sex on the student’s birth certificate, and list the NSAA sport(s) in which the student would like to participate.
 - b. Member School Determination: The member school shall determine if the student meets the activity eligibility standards for participation established by the NSAA and whether the student meets the requirements of participation established by the member school.
 - c. Application for Participation to the NSAA: Upon receipt of notice from the transgender student and/or parent of a transgender student wishing to participate in interscholastic sports in a manner consistent with his/her gender identity, the member school, if the member school determines that the student meets the requirements for initial eligibility under standards of participation established by the member school, shall file an application for participation in NSAA activities by the transgender student (Transgender Student Application) on a form provided by the NSAA, providing the information required by this policy. The costs related to the Gender Identity Eligibility Committee shall be an NSAA expense.
 - d. Review and Required Approval by NSAA Gender Identity Eligibility Committee: Upon receipt of such notice the NSAA shall take the following actions:
 1. Gender Identity Eligibility Committee: The NSAA shall convene the Gender Identity Eligibility Committee (Committee) specifically trained to respond to gender identity eligibility inquiries to review the Transgender Student Application. The Committee shall make written findings and determinations approving or disapproving the Transgender Student Application to be set forth in writing and delivered confidentially to the member school and the Executive Director of the NSAA. The eligibility of the student to participate in NSAA activities must be approved unanimously by the Committee considering the Transgender Student Application. This Committee will be comprised of the following persons:
 - i. Physician with experience in transgender health care.
 - ii. Psychiatrist, psychologist, or licensed mental health professional.
 - iii. School administrator from a non-appealing school.
 - iv. NSAA staff member.
 2. Information to be provided to the Committee: The following information shall be provided by the member school to the Committee with regard to the Transgender Student Application:
 - i. Current school registration information;
 - ii. A written statement from the student and parent(s)/guardian(s) affirming the consistent gender identity and expression to which the student self-relates;
 - iii. Documentation from individuals such as, but not limited to, parents, friends and/or teachers, affirming the actions, attitudes, dress and manner and demonstrate the student’s consistent gender identification and expression;
 - iv. Written verification from an appropriate health-care professional (physician, psychologist) of the student’s consistent gender identification and expression;
 - v. Medical documentation of hormonal therapy, sexual re-assignment surgery, physiological testing, counseling, and other medical or psychological interventions on behalf of the student.
 - vi. Any other relevant documentation or information provided by the member school or the student or the student’s parents or guardians.
 3. Review Criteria: The following review criteria should be used by the Committee to review and determine whether to approve or disapprove the Transgender Student Application:

- i. For the committee to approve the Transgender Student Application the information presented must establish to the members of the Committee that the transgender student has met each of the following criteria:
 - a. That the transgender student affirms and exhibits the consistent gender identity and expression to which the student self-relates;
 - b. That there has been submitted credible documentation from individuals such as, but not limited to, parents, friends and/or teachers, affirming the actions, attitudes, dress and manner and demonstrate the student's consistent gender identification and expression;
 - c. That there has been submitted credible written verification from an appropriate health-care professional (physician, psychologist) of the student's consistent gender identification and expression; and,
 - d. For a transgender female (or Male-to-Female) (MTF) student only, that there has been submitted credible medical documentation of hormonal therapy, sexual re-assignment surgery and physiological testing; such documentation must establish that the transgender female has either completed a minimum of one year of hormone treatment related to gender transition⁸ or undergone medically confirmed gender reassignment procedure, and, demonstrated to the Committee through a medical examination and testing and physiological testing that the transgender female student athlete does not possess physical (bone structure, muscle mass, and/or testosterone hormonal levels, etc.) or physiological advantages over genetic females of the same age group.
4. Further Policies:
 - i. Hormone supplementation/suppression therapy under supervision of a licensed physician when taken as prescribed does not violate the NSAA Performance Enhancing Supplement policy.
 - ii. In any case where a transgender student athlete is taking hormone treatment related to gender transition, that treatment must be monitored by a physician, and the NSAA must receive regular reports about the athlete's eligibility according to these guidelines.
 - iii. Once a student is approved as a transgender student athlete in an NSAA sport(s), the student may not return to his/her gender identified on the birth certificate for athletics participation purposes unless another evaluation is undertaken by the NSAA Gender Identity Eligibility Committee because of a change in circumstances. A transgender female (Male-to-Female or MTF) student may participate on a boys' team pursuant to paragraph C.2. above [e.g. when there is no girls sport or comparable sport (e.g., softball and baseball) or team offered in that sport by the member school]. A transgender male (Female-to-Male or FTM) student who has been approved for participation on male teams under this policy shall not be eligible for participation on female teams pursuant to paragraph C.2. above.
 - iv. If the student is denied participation as a transgender student athlete in an NSAA sport(s), the student's eligibility remains with the school's teams as determined by the individual's birth certificate.
 - v. Nothing in this policy shall be construed to encourage parents and guardians of students or the students themselves to undergo sex reassignment surgery, hormone treatment or other medical treatment resulting in change to the student's gender, as such treatments have obvious physical, psychological and social implications.
5. Appeal Process: If the initial Committee review results in a disapproval by the Committee of the Transgender Student Application, the member school on behalf of the student may seek review of the student's Transgender Student Application for eligibility for participation by an Appeals Committee through the following appeals procedure. The costs related to the Gender Identity Eligibility Committee on appeal shall be an NSAA expense.
 - i. The student will be scheduled for an appeal hearing before a second NSAA Gender Identity Eligibility Committee (Appeals Committee) specifically trained to hear gender identity appeals. The NSAA shall schedule a hearing as expeditiously as possible, but in no case later than five (5) school business days prior to the first full interscholastic contest that is the subject of the petition, or within a reasonable time thereafter in cases of emergency, including, but not limited to, any unforeseeable late student enrollment.

⁸ See, World Professional Association for Transgender Health, "Standards of Care for the Health of Transsexual, Transgender, and Gender Non-Conforming People", 2012 Edition, pages 36-38.

- ii. The Appeals Committee will be comprised of the individuals identified in subparagraph D.2.d.(1), provided, at least two of the individuals chosen must not have been on the Committee that initially considered the student's Transgender Student Application.
- iii. The Appeals Committee shall be provided all information provided to the initial Committee along with the determination of the initial Committee, and such additional information that the member school or the student through the member school wishes to provide the Appeals Committee.
- iv. The Appeals Committee shall apply the same review criteria as utilized by the initial Committee, and shall make written findings and determinations approving or disapproving the Transgender Student Application to be set forth in writing and delivered confidentially to the member school and the Executive Director of the NSAA. The eligibility of the student to participate must be approved unanimously by the Appeals Committee considering the Transgender Student Application for participation. The student/student's family and the school on whose sports team the student would be participating will be notified of the Appeals Committee's decision in writing within forty-eight (48) hours once that decision has been reached.
- v. Upon completion of the appeal to and through the Appeals Committee, the student will have exhausted all administrative remedies available to him/her. No further appeals with or through the NSAA exist at that point. However, due to the nature of these issues, the same student may have her/his case revisited by the NSAA as the facts and circumstances of the student evolve or change. The NSAA would not anticipate revisiting a case without a sufficient lapse of time such that the circumstances of the case have changed significantly.

E. Use of restrooms and locker rooms at NSAA athletic contests and activities based upon student gender: It is the purpose of this policy to allow all students to participate fairly and equally in high school athletics and activities, while also upholding the basic principles of privacy and personal dignity held by each student.⁹ While accommodations may be necessary to meet the unique needs of individual students, it is the goal that all students will be able to comfortably participate while respecting the privacy rights of others. The NSAA acknowledges that many member schools' facilities have been outfitted with changing areas and locker rooms, including restrooms and showers, separated by gender. It has been widely¹⁰ recognized that restrooms and locker rooms are places where students have an expectation of privacy. Maintaining separate restroom and shower facilities for each gender is a cost effective way to retain the reasonable expectation of privacy that students have while using the restroom and changing and showering before and after physical activity.¹¹

A transgender student who has been granted permission by the NSAA to participate in activities of the gender with which the student identifies, but has not undergone sex reassignment surgery, shall at NSAA-sponsored contests be permitted to use the restrooms and locker rooms associated with their birth sex or shall be assigned private toilet, locker and shower room facilities appropriate for the student's gender identity, as appropriate and available.¹²

Coaches are encouraged to use spaces outside the locker room for team meetings or other events where important information is shared with the team. When a member school is traveling, school representatives should identify safe spaces to accommodate a transgender student's need for restrooms and locker rooms and privacy.

This regulation (hereinafter, "Section 106.33") expressly allows schools to provide separate bathroom facilities based upon sex, so long as the bathrooms are comparable. 2.15 AWARDS TO STUDENTS AND SCHOOLS

- 2.15.1 **School's Responsibility.** The school shall have the control and supervision of the giving and receiving of awards to students.
- 2.15.2 **Awards to Students.**

- 2.15.2.2 Awards to individuals for activity participation in the form of cash, merchandise certificates, or any negotiable instrument are not allowed.
- 2.15.3 **Awards to Schools.** No school shall accept a cash or merchandise award for participation in any interscholastic contest in activities sponsored by the NSAA except that organizations sponsoring such contest may underwrite the cost of the participants not to exceed their total expenses, and provided that all contesting schools are subsidized on an equal basis.

APPROVED RULINGS AND INTERPRETATIONS For 2.15.1-2.15.3

- 2.15.2.1 *The current full retail value of the symbolic or merchandise awards as set by the Board of Directors is \$50.*
- 2.15.2 *Individual sports are activities in which one person may participate and have the possibility of winning the contest.*

- 2.15.3 *Team sports are activities in which there is no provision for an individual championship, and it is mandatory that a certain number of people be associated together before they are allowed to participate for the purpose of winning the contest.*

Q: *Does the awards to schools and students apply to summer activities?*

A: *No, except cash awards for participation may impact amateur status.*

Athletic Bylaws—Article 3

3.1 SPORTS SEASONS

- 3.1.1 Interscholastic sports sponsored by the Association shall be divided into three seasons: Fall, Winter, and Spring.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.1.1

1. A season begins on the first day of allowable practices for that sport, as designated in 3.1.1.2. The season officially ends with the conclusion of the State Championship in that sport. Students may not participate in outside group instruction or competition once the season officially begins, and outside group instruction or competition may not commence until the school varsity team has been completely eliminated from further participation in that sport.
2. All scheduled and postponed regular season varsity contests must be played prior to the start of sub-district, district or state competition. Once sub-district, district or state competition begins, no regular varsity contests shall be permitted.
3. Students who are not listed on the NSAA District entry form may participate in outside group instruction or competition of the same sport before the varsity school team has been completely eliminated from post-season competition. Those students who have participated in outside group instruction or competition following their regular season schedule would not be eligible to be placed on the district or state entry form of the same sport and would not be allowed to practice with the varsity team.

- 3.1.1.1 A season begins the day of opening practice as permitted by the NSAA rules rather than the first day of interscholastic competition.

- 3.1.1.2 The division of sports seasons shall be as follows: No school shall register more than one varsity team per sport and no student shall participate simultaneously in more than one sport per season.

Note: Week designations are for the standardized calendar. The standardized calendar usually begins with the first full week in July.

1. *To practice or compete in that activity in-season during the moratorium in a school-owned facility that is used by the school for such activity, whether or not a coach, sponsor, or other adult associated with the program is present.*
2. *To participate in practice, team meeting, or activity for the sport in season, directly or indirectly organized by the coach; the school coach, sponsor, or other adult associated with the school activity program may not supervise, direct, plan, or encourage any workout, practice, or competition during the moratorium by students participating in activities; and*
3. *To participate in a student-organized practice, team meeting, or activity for the sport in season. Students may:*
 - a. *Continue to work out/condition on their own in facilities not owned by the school, including workouts or activities with family members;*

Schools must submit a timely waiver request to the executive director, and the waiver request will be placed on a subsequent NSAA Board meeting agenda.*

- Q: *Can a student who initially went out for cross country or tennis change his mind and come out for football after the first day of permitted football practice?*
- A: *Yes. The student shall be restricted from practice and competing for seven school days and will also be required follow heat acclimatization requirements.*
- Q: *My school is participating in a tournament contest the day before the December Moratorium and plans to stay overnight before returning home the following day. Is this permissible during the December Moratorium?*
- A: *No. Travel time is not allowed during the five-day period of the December Moratorium.*

 5. *If a school takes its team off the playing field prior to the completion of a contest or prior to the suspension or termination of a game by the game officials, and the contest is forfeited because of the refusal of the school's team to continue play, the school shall be subject to a penalty set by the Board of Directors. The penalty may be the exclusion from participation in sub-district, district, playoffs, or state contests.*
 6. *Broadcasting, recording, photographing, videotaping or televising of NSAA sponsored events (district, state, playoff, etc.) shall not be permitted for commercial purposes or for other than personal use except with the expressed permission of the Nebraska School Activities Association.*
 7. *If an individual or team qualifies for state competition through competing in a district meet, that individual or team is expected to compete in the state contest in which he/she or the team qualifies. Unless excused by the Executive Director for just cause, failure to compete in a state contest shall result in the school being penalized.*
 8. *During sub-district, district, or state competition in activities sponsored by the Nebraska School Activities Association, the use of smokeless tobacco by any participant is prohibited. If a participant or substitute is detected using smokeless tobacco during competition, that individual shall be disqualified from participation in further competition in that contest.*
 9. **Cheerleading, Dance and Drill Team:** *Due to potential liability in case of injury, stunts and pyramids by cheerleaders and lifts by dance teams and drill teams during the sub-district, district, and state tournaments are prohibited unless the supervising coach/sponsor has successfully completed the AACCA Safety Course, a cheer risk management and safety course. If the coach/sponsor has successfully completed the AACCA Safety Course, stunts and lifts shall be allowed in accordance with NFHS Spirit Rules. The following restrictions shall be in effect at NSAA sub-district, district and state tournaments and events: stunts/lifts shall be limited to shoulder height or below; all vertical shoulder level stunts/lifts must have an additional spotter; all vertical shoulder level stunts/lifts must remain on two feet except during the mount or dismount of the stunt/lift; twisting mounts and dismounts are limited to ½ twist; and all cradle dismounts, tosses, and inversions are prohibited.*
- 3.3.7.1 The Board of Directors shall be empowered, whenever the receipts justify, to pay the transportation and such other expenses of the team as it deems necessary, wholly or in part, to and from the place where the contest is held. The team or teams of the city in which the meet is held shall not receive any share of its expenses. All expense money shall be paid only to the superintendent, principal or the authorized faculty representative.
- 3.3.7.2 The Executive Director is granted the authority to require schools to alter travel plans to arrive the day prior to the scheduled state contest if weather conditions so warrant. If a school chooses not to travel to the contest site the day prior to the scheduled contest, the school shall understand that the games will go on as scheduled and if they are unable to arrive prior to the scheduled game time, a forfeit will be issued.
- 3.3.8 **Out-of-State Contests**

- 3.3.9 **Sunday Contest.** No high school that is a member of the NSAA shall be permitted to engage in any interschool contest on Sunday. When weather conditions and facilities cause a change in a state tournament schedule, Sundays may be used for competition after 12:00 noon local time as determined by the Executive Director.

Q: *My school has a conference tournament starting on Monday. Can we schedule an organized practice(s) on Sunday?*

A: Scheduling practices on Sundays is a local school district decision. NSAA Bylaw 3.3.9 covers Sunday contests.

- 3.3.10 **Supervision.** The superintendent, principal, or an authorized representative of the faculty shall accompany and supervise the team or individuals to all contests.
- 3.3.10.1 Neither a team nor individual shall be permitted to compete in a sub-district or district tournament, playoff contest nor state contest unless the team or individual(s) is accompanied by the head coach, school administrator, or certificated faculty member.
- 3.3.11 **Conduct and Sportsmanship.** Member schools shall maintain proper crowd control and enforce the principles of good sportsmanship and ethics during all interscholastic contests. Failure to fulfill this obligation shall subject the school to penalties as provided in Article 2, Section 2.11, NSAA Bylaws Governing All Activities.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.3.11

In the realm of good sportsmanship, it is the expectation that all student spectators wear shirts for all sub-district, district, and state events. Each individual school shall be responsible for assuring that student spectators are appropriately attired.

- 3.3.11.1 **Conduct of Coaches and Athletes.** Coaches and athletes shall conduct themselves in accordance with the playing rules of the sport contest and refrain from unsportsmanlike conduct during interscholastic competition. Failure to fulfill this obligation will subject the individual(s) to the penalties as provided in Article 2, Section 2.11, NSAA Bylaws Governing All Activities.
- 3.3.11.2 **Definition of Unsportsmanlike Conduct.** Unsportsmanlike conduct shall include the following: fighting, verbal abuse or dissent directed toward an official or opponent, racial or ethnic slurs, inappropriate comments or actions that may be construed as sexual harassment, profanity, obscene gestures, flagrant and violent fouls, taunting, trash talk, baiting, cheating, throwing or abusing equipment, inappropriate posters, physical intimidation or abuse of an official or opponent, and unauthorized leaving of a team bench area.
- 3.3.12 **Non-Varsity Competition.** If there is only one team representing a school in any sport, the school must declare if the team will play a varsity or non-varsity schedule. A school playing a non-varsity schedule shall not be eligible for any sub-district, district, playoff, or state tournament.
- 3.3.12.1 In all interschool non-varsity contests, the twenty-hours-preceding-semester rule, the eleven-day enrollment requirement for the current semester, and the resident and transfer rule shall be waived. All other rules governing eligibility to participate in varsity interscholastic athletics shall apply to non-varsity interscholastic athletic competition.

APPENDIX 5

UNMANNED AERIAL VEHICLE (DRONE) POLICY

The use of unmanned aerial vehicles (UAV), also known as drones, is prohibited for any purpose by any person at any NSAA post-season tournament venues. For purposes of this policy, a UAV is any aircraft without a human pilot aboard this device. This prohibition applies to all fields of play, courts, arena, mats, gym floor or pool, and includes a ban on the entire facility being used as part of the NSAA event, including the spectator areas and parking areas. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, Tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV. An exception to this policy, in writing, may be made in specific cases for NSAA broadcast partners, provided the Management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the NSAA.

3.4 PHYSICAL EXAMINATION

- 3.4.1 Each student who expects to participate in athletic contests shall present to the superintendent or principal once each year, before actual participation in any interschool sport, a physician's certificate on a form recommended by the NSAA that he/she is physically fit for athletic participation.
- 3.4.1.1 The individual giving a physical examination for the purpose of certifying a student is physically fit to participate in athletic activities should be licensed to diagnose, treat, or recommend treatment in the areas covered by the recommended physical examination form. The individual giving a medical opinion must do so within the scope of his/her training and within the limits defined by state statutes as to services which can be legally performed by the field of practice to which the individual belongs.
- 3.4.1.2 The requirement that a student must have a physical examination once each year has been interpreted to mean the examination must be given within the United States during the school year in which the

student participates or during the summer vacation period which precedes the school year in which the individual participates. A physical taken in the summer vacation period or anytime during the school year is good only to the end of the school year.

Any physical taken May 1 or after will be considered a part of summer vacation.

- 3.4.1.3 The completed physical examination forms must be kept on file at the local high school.

3.5 PARTICIPATION ON NON-HIGH SCHOOL TEAMS AND IN NON-HIGH SCHOOL COMPETITION

- 3.5.1 Any student who participates in any athletic contest other than as a representative of his/her high school during the season of the sport involved becomes ineligible to represent his/her school in that sport for one or more contests or the remainder of the season.

- 3.5.1.1 **Swimming and Diving Outside Participation.** During the school sport season of swimming and diving, a student may, after fulfilling all requirements, practices and competitions of the school swimming and diving team, practice and/or compete as a member of a non-school team or as an individual participant in an organized non-school swimming and diving practice or competition under the conditions listed below.

- a. Priority shall be given to all school team practices and competition. Should a non-school practice/competition be in direct conflict with the school scheduled practice/competition, the school practice/competition shall take priority. Prior approval by the school administrator may grant an exception to a student to participate in the non-school swimming and diving program if in direct conflict with the school program.
- b. No school time shall be missed to compete, practice or travel to the site of such non-school swimming and diving competition unless the absence is approved in advance by the school administrator.
- c. A school shall not replace its swimming or diving program with any non-school swimming or diving program.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.5.1

1. *To be eligible to participate in a district and/or state contest, a student shall have been a member of the school's team and shall have been available to participate in at least eighty percent (80%) of the school's scheduled interschool contests because of participating in non-high school competition.*
 - a. *The term "available to participate" means that the student was a bona fide member of the team, eligible to participate for the school at some level of competition in the sport, and not involved in outside participation activities (exception: Olympic Development Program or national team activities as approved by the NSAA.)*
 - b. *The term, "school's scheduled interschool contests," is defined as those contests which appear on the school's varsity schedule at the beginning of the season. An exception to this requirement will be considered if a student was unable to participate because of injury, illness, or had transferred from another high school.*
2. *During the season of a particular sport, athletes participating in that sport for a high school may attend, but may not physically take part, either as an individual or as a member of a team, in the sport activity in which instruction is being offered in the clinic, camp, or school.*
3. *At no time during the high school sport season can a student who is a member of the school squad in that sport compete in non-school organized competition in any skill of the sport.*
4. *A person may be considered to be a participant without being an official entry in the competition.*
5. *The phrase "compete in non-school organized competition in any skill of the sport" is interpreted to mean to take part in any skill of the sport of season. For example, a student out for cross country or track would become ineligible to represent the high school if he/she participates in a road race or a marathon. A student on the high school basketball team would become ineligible if he/she participates in a free throw contest, 1-on-1, 2-on-2, 3-on-3, 4-on-4 basketball contest, or other similar contest. A student out for high school football will become ineligible if he competes in a punt, pass and kick contest. A wrestler shall not participate in a non-school takedown tournament during the wrestling season. An exception to this rule may be granted by the Executive Director for special circumstances.*
6. *Schools must contact the Executive Director in advance of the event to determine whether an activity would qualify under this exception.*
7. *If prizes or awards are provided for such participation, such awards need to be in compliance with NSAA guidelines. Awards to individuals for activity participation in the form of cash, merchandise certificates, or any negotiable instrument are not allowed.*
8. *Halftime free-throw or three-point contests or other such halftime skill contests used as fundraisers by a school-related group shall no longer impact the eligibility of students out for the sport, providing the award is not in the form of cash, merchandise certificates or any negotiable instruments, and*

- providing that the full retail value of the symbolic or merchandise award does not exceed the value set by the Board of Directors (currently \$50).
9. A student may participate as an individual, without loss of interscholastic eligibility under the following conditions:
 - a. As a member of a national team (and the actuals direct tryouts) which is defined as one selected by the National Governing Body of the sport on a national qualification basis, either through a defined selective process of actual tryout for the purpose of international competition which requires entries to officially represent their respective nations.
 - b. In an Olympic Developmental Program, which is defined as a training program or competition.
 1. Conducted or sponsored by the United States Olympic Committee (USOC), or
 2. Directly funded and conducted by the USOC member national governing body on a national level (e.g. NGB national championship and direct qualification therefore); or
 3. Specifically authorized by a national governing body involving only athletes previously identified by some qualifying procedure by the national governing body as having potential for future participation in regional, national, or international competition in the sport involved.
 4. Coaches from schools involved with an Olympic Development Program must adhere to the organized practice rule.
 - c. While representing the National Federation as a member of its United States national entry in an International School Sport Federation event.
 - d. In an athletic contest sponsored by a non-high school organization, provided the individual has qualified prior to the sports season through actual competition in a meet or series of meets which were designated in advance by the sponsoring organization as qualifying meets. Times, distances, placement, or performance in high school competition shall not be considered as qualifying criteria.
 - e. Provided in a, b, c, and d, such participation has been approved by the high school principal and the Nebraska School Activities Association.
 10. The high school principal and the coach of the sport involved must approve the request for a waiver of Section 3.5. The school then may request a waiver from the Nebraska School Activities Association, including documentation on how prequalification was met, with a maximum of one (1) non-school event per season for an individual student.
 11. If the student(s) has not qualified for the competition through actual competition in a meet or series of meets which were designated in advance by the sponsoring organization as qualifying meets, or the competition is not a part of the United States Olympic Development Program, a waiver may be granted provided the student(s) does not represent his/her school in varsity competition of the sport involved for the same number of days in which he/she participated in the non-school competition.
 12. Request for the certification of distances or times attained in state meet competition shall be submitted by the individual along with information on how these marks are to be used. In order to be considered, the use of such marks must meet established minimum qualifying standards and competition must be open to any athlete meeting such standards. Certification of times or distances will not be given if qualification is based upon placement in a contest sponsored by the membership of the Nebraska School Activities Association.
 13. NSAA Bylaw 3.1.1.2 specifies that no student shall participate in more than one sport per season. An exception would be that such dual participation would be approved for students participating in Unified Sports®. Students in NSAA member schools that participate in Unified Sports® may also participate on an interscholastic athletic team during the Unified Sports season. This does NOT apply to other NSAA sports.
 14. Outside participation is approved for students participating in Unified Sports®. As an example, students in NSAA member schools that participate in Unified Sports® may also participate on their "club" bowling team during the NSAA Unified Sports®, Bowling season. (exception to Bylaw 3.5.1) This does NOT apply to other NSAA sports.

Q: My daughter wants to run in a fun run in support of the Susan G. Komen Race for the Cure while she is out for Cross County, can she do this?

A: Not without the approval of the Executive Director.

- 3.5.2 **Individual Instruction.** During a season of a sport, a student is permitted to take individual instruction from a person other than the high school coach at times other than scheduled high school practice sessions, but such instructions shall not interfere with, nor be substituted for the high school coaching, practice sessions, or contest.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.5.2

During a season of a sport, a student is permitted to take individual instruction from a person other than the high school coach. Group instruction, practices with outside teams, and tryouts for outside teams other than as part of a college or university recruiting visit, however, are not permitted.

3.6 ALL-STAR COMPETITION

- 3.6.1 No member school shall permit its students to compete in any all-star contest nor be a member of any all-star team. No athletic team from any member school shall compete against any all-star team. A student violating this rule shall be declared ineligible for all interscholastic competition for a period of one year from the date of last offense.
- 3.6.2 A member school, a conference of member schools, or a league of member schools shall not conduct or promote all-star contests during the school year. A member school may petition the Executive Director for a waiver of the all-star rule for individuals provided the school season for the sport has been completed and the student has completed his/her eligibility in that sport.
- 3.6.3 A member school, a conference of member schools, or a league of member schools may sponsor all-star competition that involves graduated seniors. Member schools may permit the use of their facilities, equipment, and provide uniforms for such competition.
- 3.6.4 The term "all-star" is defined as a player or players chosen on the basis of their individual accomplishments or reputation gained while competing in interschool competition. YMCA, YWCA, AAU, USVBA, etc., teams that are organized between sports seasons by individuals or clubs, or individuals selected through a designated try-out session shall not be considered as all-star competition.

3.7 AMATEUR RULE

- 3.7.1 A student shall be an amateur in all sports sponsored by the Nebraska School Activities Association. A student may be declared ineligible if he/she:
- Accepts merchandise, compensation of any nature, or illegal awards for competing in Association-sponsored activities.
 - Enters into any agreement or contract to compete in professional sports.
 - Permits, with or without actual endorsement, the use of name, picture, and/or personal appearance as an athlete in the promotion of a commercial or profit-making event, item, plan, or service (this does not prevent a student's picture or name from being included in programs); or,

APPROVED RULINGS AND INTERPRETATIONS FOR 3.7.1.c

Under Bylaw 3.7.1.c, the term "as an athlete" shall not include non-school related use of the name, image or likeness (NIL) of a student of a member school participating in NSAA-sponsored athletics under the following guidelines:

- Students may engage in NIL activities that are consistent with the law of the state of Nebraska, and, in the absence of such law, a student may engage in NIL activity subject to the following:
 - The student's NIL activities are done on an individual basis and are carried out in a manner that does not suggest or reasonably suggest the endorsement or sponsorship of the NSAA member school.
 - The student's NIL activities may NOT include an image or likeness of the student in a uniform, or other clothing or gear depicting the name or logo of the NSAA member school the student is attending or has attended.
 - Violation of Bylaw 3.7.1 may result in a determination by the member school and the NSAA of the student's ineligibility for activity participation.
 - Receives merchandise or compensation of any nature for coaching any NSAA approved sport during the season of the sport in his/her school.
- 3.7.2 When a student participates in other than NSAA competition at any time during the calendar year, the student is governed by the rules of the amateur governing body of that sport.
- 3.7.2.1 If the student violates the amateur standing rule of the amateur governing body for that NSAA-approved sport, the student is ineligible for NSAA competition.
- 3.7.3 Should a student lose his/her amateur standing, he/she may be reinstated by the Board of Directors after the lapse of one complete year, provided he/she has not persisted in breaking the amateur rule.

3.8 COLLEGIATE PARTICIPATION

- 3.8.1 A student who has been a member of a college team or participated in intercollegiate competition shall be ineligible for interscholastic competition.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.8.1

- 3.10.1 It shall be the duty of the superintendent or principal of every school belonging to the Nebraska School Activities Association to submit the seasonal online eligibility reports complete for each student who participates in an NSAA activity, regardless of the level of competition. From these online eligibility lists, the NSAA Executive Director or the Board of Directors shall by June 1 of each year, compile an annual participation report complete with the name, date of birth and number of semesters of attendance, beginning with the ninth grade, of each individual who has engaged in interscholastic athletics.
- 3.10.1.1 The oldest age given on the annual report shall be accepted as the student's age, unless a birth certificate certified by the Bureau of Vital Statistics, State Capitol, Lincoln, or the Bureau of Vital Statistics of any other state can be produced to the contrary.

Note: If a team participates in an additional tournament other than the two allowed tournaments, each game played shall count towards the eighteen game limit. Schools may also play nineteen games plus one tournament or twenty games and no tournaments.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.11.1.3

All games in a four-team basketball tournament must be played within a seven-consecutive-day period of time with no other games played within the interim, except weather postponements. The only exception to the seven-consecutive-day period shall be when weather forces postponement of one or more contests in that four-team tournament.

- 3.11.1.4 No varsity team representing a member school may participate in more than one basketball game per day in either tournament or regularly scheduled play. A non-varsity team may play two games per day provided:
 - 1. the length of quarters is six minutes or less;

 - 1. If a student participates in varsity and non-varsity basketball games, the student shall be limited to six quarters of participation per day.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.11.1.5

If a student participates in two non-varsity games on the same day, and if the length of the quarters of at least one of those non-varsity games exceeds six minutes, the students shall be limited to six quarters of participation per day.

APPENDIX 6

NSAA POLICY ON COMMENTS AND NEGATIVE ACTIONS AGAINST OFFICIALS AND JUDGES

The National Federation of State High School Associations has devised Code of Ethics guidelines for high school coaches. The function of a coach is to educate students through participation in interscholastic competition. The coach or sponsor shall respect and support contest officials and judges. The coach or sponsor shall not indulge in conduct that would incite players or spectators against the officials. Public criticism of officials, judges or players is unethical.

The Nebraska School Activities Association has embraced that Coaches Code of Ethics and has established policies and standards that will cultivate the ideals of good sportsmanship, professionalism and conduct. It shall be the responsibility of each member school to ensure that all individuals directly associated with the interscholastic program conduct themselves in a sportsmanlike and professional manner.

The high school coach or director is a representative of the school at interscholastic activity events. It is the responsibility of all coaches and directors to serve as role models for students and the public.

It is the expectation that all coaches, directors, administrators and student participants shall refrain from negative criticism of NSAA member institutions, officials, adjudicators, judges, etc. in public statements before, during or after interscholastic events. The appropriate public response to media questions at all venues regarding officiating/judging is "per NSAA policy, I am unable to comment." Any other response is a violation of this board policy and is subject to penalty.

It would be considered a violation of this NSAA policy to include, but are not limited to the following:

- a. Making degrading and/or critical remarks about officials or adjudicators or the officiating or judging before, during or after an event either on or off-site, via social media, or through any public means.
- b. Detaining the officials/adjudicators/judges during or following the event to request a ruling or explanation of actions or evaluation by the official(s)/adjudicator(s)/judges.
- c. Entering the officials dressing area following the contest.

Negative actions by an individual directly associated with the program shall be reported to the NSAA office by the school and/or by the head contest official, adjudicator, judge, or manager. The school shall document the results of their investigation and actions taken, where necessary and appropriate. The NSAA Executive Director shall determine the appropriate penalties for violation of this board policy.

6.8 RULES AND STANDARDS

APPROVED RULINGS AND INTERPRETATIONS FOR SECTION 6.8

Each coach is reminded to select literature that will not offend the moral standards of the community or be in bad taste. It is advisable to eliminate all cursing, profane references to the Deity, and immorally suggestive statements.

- 6.8.1 **Interpretation of Prose Literature-Humorous and Serious.**
- 6.8.1.1 **Purpose.** The purpose of these two separate events is to train students to convey the thought, feelings and mood of a selection of prose literature to an audience.
- 6.8.1.2 **Rules.** The selection shall be an original cutting or arrangement of prose literature from published books, short stories or plays. Commercially produced cuttings are not to be used. The contestant shall make introductory remarks concerning the author, selection and cutting designed to heighten attention, understanding and appreciation of the selection by the audience. Maximum time limit including introductory remarks shall be ten (10) minutes.
The selection may be delivered from manuscript, with or without a lectern.
- 6.8.1.3 **Judging Standards.** The art of interpretation is to be regarded as essentially one of suggesting the meaning, feeling and mood of a story so vividly as to recreate the author's work in the minds of the audience. In assigning quality ratings to a performer, the judge should take into consideration the literary merit of the selection, appropriateness, use of the body and use of the voice in interpreting. This is a contest in oral interpretation, not acting. The performer should try to distinguish all the characters by suggesting distinctive visual and auditory clues, depending upon the audience to fill in the picture. Familiarity with the script is essential so the contestant may maintain eye contact the majority of the time. The selection may be memorized. The performer may use a lectern.
The final test of good Oral Interpretation of Prose Literature is the ability to use all these factors so successfully that audience members forget that they are listening to a contest.
- 6.8.2 **Interpretation of Poetry.**
- 6.8.2.1 **Purpose.** The purpose of this event is to encourage students to obtain a wide knowledge and appreciation of poets and their poetry, and to increase their ability to share with others the full meaning intended by the poet by interpreting from the manuscript.
- 6.8.2.2 **Rules.** The participant shall select, cut and arrange one long poem or a group of poems or a poem unified by either a central theme or the writing of one author. The presentation shall include introductory and transitional remarks to heighten the understanding, the theme or the poet's works. If one long poem is used, transitions are optional. Time limit including such remarks shall not be fewer than six (6) nor more than eight (8) minutes.
The arrangement shall be interpreted from manuscript with or without lectern.
- 6.8.2.3 **Judging Standards.** Poetry is written to be read aloud; therefore, poetry interpretation is regarded as recreating the thoughts and emotions of the poet in the minds of the audience.

On assigning quality ratings, the critic should take into consideration the appropriateness of the poem(s) chosen by the student, the effectiveness of the cutting and arrangement, and the adequacy of the introductory and transitional remarks which unify the presentation.

In interpreting poetry from a manuscript, the meaning should be conveyed primarily through the voice. Appropriate body action, eye contact and other mechanisms of delivery are encouraged. The contestant shall be observed for naturalness and emotional responsiveness. While effective use of rhythm can contribute to interpretation, it should not become "sing-song" or monotonous.

The final test of good Oral Interpretation of Poetry is the ability of the contestant to cause audience members to forget they are listening to a contest.

6.8.3 **Persuasive Speaking.**

6.8.3.1 **Purpose.** The purpose of this activity is to train speakers to choose and organize material supporting a central theme in a persuasive speech on a timely subject, and to present these ideas in a direct, communicative, and effective speaking manner.

Maximum time limit will be ten (10) minutes. Not more than one hundred fifty (150) words of speech shall be direct quotations from any other speech or writing, and such quotations shall be indicated in the "manuscript."

Extensive paraphrasing of any source is prohibited. The speech may be presented from manuscript in an extemporaneous style. The performer may or may not use the lectern. The judge may request a copy of the manuscript at the conclusion of the speech. Visual aids will not be allowed.

6.8.3.3 **Judging Standards.** Since these speeches have been written by the contestant delivering them, the judges shall consider thought, composition and delivery. The chosen topic shall be discussed intelligently and with some degree of originality. The speaker may be given wide latitude in the ideas expressed but held closely accountable for the manner in which they are expressed. Material shall be organized according to some logical plan to produce a unified and coherent speech. The composition shall be considered carefully for its persuasiveness, eloquence and diction. The composition shall reveal a discriminating choice of words and shall be especially adapted to oral presentation.

Delivery shall be judged for mastery of the usual mechanics of speech and communicativeness. In addition, the speech shall be observed for qualities of directness and sincerity.

The best delivery technique retains the directness and simplicity of good conversation employing the necessary energy to reach all listeners. The final test of Persuasive Speaking is the ability of the speaker to make the audience forget it is a contest.

6.8.4 **Entertainment Speaking**

6.8.4.1 **Purpose.** The purpose of this event is to encourage the speakers to develop and demonstrate their creativity for employing imaginative language and thinking into their speech writing. The speakers should also demonstrate their ability to organize and present a speech to entertain without mimicking professional comics.

6.8.4.2 **Rules.** This speech shall be of an entertaining nature composed by the contestant. This shall be an original composition. The speech shall be based on a theme or central idea and shall be delivered in an extemporaneous manner with or without a lectern. One 4" x 6" or smaller note card is optional. Visual media may be employed, but costuming and makeup shall not be used. Costuming is wearing any article to enhance the presentation which is not normally worn at a speech contest. Maximum time limit shall be eight (8) minutes.

6.8.4.3 **Judging Standards.** An entertainment speech of an interesting nature shall combine the elements of basic organization, graphic word pictures, humor and lively animated delivery. The most effective speeches to entertain employ one or more of the following devices: exaggeration, understatement, plays on words, satire or irony.

Generally, basic entertainment may be found by observing the aspects of everyday living.

The material presented shall be organized to produce a unified and coherent speech, rather than a loosely structured comic routine.

Delivery shall be judged for the mastery of the usual mechanics of speech with emphasis on the speaker's use of bodily communication, poise, and timing.

The final test of Entertainment Speaking is the ability of the speaker to make the audience forget that this is a contest.

6.8.5 **Extemporaneous Speaking.**

6.8.5.2 **Rules.** The general area from which the extemporaneous speaking topics are to be formulated shall be current public affairs. Specific topics shall be selected from subjects discussed in standard periodicals

- 6.8.5.3 **Judging Standards.** The extemporaneous speech shall not be regarded as a memory test of the material contained in any one magazine article, but rather as an original synthesis by the speaker of the current fact and opinion on the designated topic as presented by various sources. Information presented shall be well chosen, pertinent and sufficient to support the central thought of the topic. The contestant, therefore, shall be held accountable for strict adherence to the precise statement of the topic drawn. He/she shall be downgraded for shifting to a phase of the topic which is not stated. Delivery shall be judged for mastery of the usual mechanics of speech and communication. APPROVED RULINGS AND INTERPRETATIONS FOR 7.6.2.1

- (1) *Due to the transition to the electronic submittal of District Music Contest entries, no hard copy entry forms will be accepted. All schools must complete and submit their District Music Contest entries electronically no later than midnight Central time, March 20, prior to their contests.*
- (2) *Any school that does not submit the electronic entry by the deadline will be notified by the NSAA and given two school days to submit their electronic form. A \$500 late administrative fee will be paid to the NSAA in addition to regular District Contest fees for the late entry to be allowed within this two-day period.*
- (3) *A school may substitute personnel for existing legal entries up until the scheduled performance of that entry, for example student B may replace student A in a trumpet solo entry or vocal duet entry or string quartet entry, which will not require making a change to the contest schedule.*
- (4) *A school may make additions to their contest entries after the entry deadline with permission from their contest site director, providing they do not exceed the legal number of entries for their class. A \$50 administrative fee will be paid by the requesting school to the contest site for each added entry.*

- 7.6.2.2 **Entry Fees.** The District Music Committee shall determine the entry fees for District Music Contests. All fees shall be submitted for the District Music Contest according to each district's requirements immediately after the March 20 entry deadline. An additional charge may be made for schools from outside the district.

Due to the transition to the electronic submittal of District Music Contest entries, payment for contest entry fees must be sent to the contest site address specified on the electronic entry submission acknowledgement immediately after the March 20 deadline unless payment is required at a different time by the host director or NSAA district involved. Schools will be assessed a \$200 fine (in addition to entry fees), payable to their NSAA District, if their entry fees have not been paid in full before the designated deadline.

- 7.6.2.3 **Contest Schedules.** The site director(s) for each District Music Contest location shall provide complete contest performance schedules to their participating schools no later than 14 days before the start of their District Music Contest.
